## MEETINGS

Educational classes are held in the Yankton Community Library each month. Classes will also be accessible for streaming online and will be recorded.

## ABOUT US

The Yankton Seed Library is a run by the SDSU Extension Missouri Valley Master Gardeners. Our mission is to inform, educate, and interact with the community on the subject of horticulture, and to share our love and enthusiasm for gardening. The Seed library is just one of many ways we follow that mission.

# YANKTON SEED LIBRARY 2022

Offering free monthly garden-based classes and seeds to the Yankton Community

## **MARCH 17- COLOR OF BEANS**
