Commission Information Memorandum

VOL. 57 NUMBER 22

The Yankton City Commission meeting on Monday, November 28, 2022 will begin at 7:00 pm.

Non-Agenda Items of Interest

1) Community & Economic Department Update

Now is a good time to make plans for sidewalk snow removal before our first big snowstorm of the year arrives. Ordinance requires that property owners remove snow from adjacent public sidewalks within 24 hours after the end of a snow event. Staff works each year to educate property owners and, when necessary, abates nuisance sidewalk snow from public sidewalks. Notice is published in the newspaper of record annually before the first snow fall, and public outreach efforts are coordinated seasonally using local print and radio as well as social media outlets. Overall, the community has done an outstanding job in recent years keeping these important pedestrian links clear. An area that staff continues to emphasize in our outreach efforts is reminding property owners that it is a violation to place snow from private property onto or across the street. We also promote taking special care to clear snow from around fire hydrants to ensure they are useable by first responders in emergencies. Fire hydrant access is especially problematic when we receive very large snowfalls or several significant snowfall events over a relatively short period of time.

2) Police Department Update

On November 17 Adam Goodwillie was sworn in as our newest Police Officer. Adam is a Mount Marty University student who will graduate next May. Adam played baseball for the Lancers. He gave up his last year of eligibility playing baseball to accept a position with the Yankton Police Department. Adam will be attending the South Dakota Law Enforcement Training Center starting November 28 along with Officers Garrett Anderson and Ryan Eddy. Graduation is scheduled for February 24, 2023.

On November 18 Max (Jordan) Maxon and Brett Fishel graduated from the South Dakota Law Enforcement Training Center. Officers Maxon and Fishel will begin PTO training on November 21. Their expected completion of training will be March 3 at which time they would be out on their own patrolling.

On November 18 we hosted a taser instructor class at Fire Station 2. We currently have two instructors that will be able to recertify our officers yearly in the use of their taser. In return for hosting this class, we were able to get two free spots, saving approximately \$1000.00.

YPD is preparing for the Holiday Parade of Lights. More to come on that in the future.

3) Human Resources & Employee Engagement Department Update

We continue to accept applications for a permanent Part Time Water Reclamation Plant Operator position which is open until filled. We are still accepting applications for Part Time Lifeguard and Water Safety Instructors for the Summit Activities Center.

The annual open enrollment for all City of Yankton Employees for the 2023 plan year has been completed. The online platform worked well, and we had good feedback about processing all open enrollments online. We are working on getting all benefit plans updates reflected into UKG, our payroll software.

The City of Yankton Employee Christmas Party is scheduled for Friday, December 2 at Meridian Venue in the Meridian District.

4) Finance Department Update

Our online surplus auction will be hosted by Purple Wave on November 29th. All bids must be placed by 10 a.m. To view online, please visit: https://www.purplewave.com/sellerAlt/0e60f3621bd16f53870673fcccb8514e.

Electronic utility bills on PSN (Payment Services Network's website) are being reprogrammed to correct a few utility charge names and address a meter read date error. For example, the sewer surcharge shows as "service" on the PSN bill. The charge amounts are still the same; however, the Finance Office aims to provide the same information whether or not it is mailed or retrieved electronically.

The Finance Office is evaluating its guidelines for capital budgeting and purchases. The current capitalization threshold is \$500 which precedents as far back as 1996. Due to the affect capital assets have on financial statements, we recommend to wait until the 2023 fiscal year to make any official changes.

The Snow & Ice Removal General Fund Account 124 has been discontinued; however, the City of Yankton still has the capability to track snowstorm costs. For example, the Street Department has a white card system and the City's electronic timesheets can differentiate activity hours. Snow and ice removal is to be funded from the general fund and shown in the respective department's budget. Second penny funds do not qualify.

Please see the enclosed Monthly Finance Report and the monthly Revenue and Expenditure Report for October.

5) Parks and Recreation Department Update

Enclosed in your packet is an update on the various activities in the Parks and Recreation Department.

6) Public Works Department Update

With the recent milder weather, Street Department crews have been able to resume fall maintenance operations which includes crack filling on asphalt streets throughout the community. Crews have also been transferring yard waste from the drop off pile to the compost pad at the transfer station.

5th Street from Green to Spruce: Other than some cosmetic work to be accomplished, this project is complete. The contractor needs to provide a coating on the retaining wall. With the temperature restrictions associated with the product, this may not be done until next spring.

Westside Park: The contractor continues to work on the reflection garden/labyrinth project installing retaining wall and site grading. They also hope to install the footing/piers for the shade structure before cold weather returns.

2022 City Projects: Engineering staff has started design work for next year's projects and hope to have a couple ready for bid by the end of December or early January. It is anticipated that the 15th Street Pavement Replacement project, from Bill Baggs Road to Alumax Road, will be the first to be advertised.

7) Environmental Services Department Update

The Wastewater Treatment Plant EDA project continues to have issues with long lead times on equipment. John T. Jones, the general contractor, has demobilized until after the first of the year. The contractor will mobilize back onsite once equipment has been delivered. That could be as late as March. The electrical subcontractor will continue to be onsite. This is not the preferred situation but staff and HDR feel the project can be managed remotely by John T. Jones' project manager. The City's contract is with John T. Jones so staff will have to be extremely careful not to direct any of the subcontractor's staff has to go through the general contractor. Based on the limited amount of work onsite, HDR will also be limiting time onsite. Staff will be scheduling remote meetings weekly with the general contractor and HDR until the general contractor has mobilized back onsite.

8) Information Services Department Update

The transition for City Hall to voice over IP telephone services is complete. We encountered a few issues with the switch over of the fire alarm system to different lines but we think have resolved them and successfully tested the fire alarm after the transition. We are continuing to have some issues system-wide in routing of incoming long-distance calls. We are actively working with Blue Peak to sort those issues out and work with the 3rd party call routing carriers to identify and resolve any problems. We have also begun cleanup of old phone and networking cabling in the building. We will need to move a few phone services that are routed thru City Hall to the safety center building.

9) Fire Department Update

The Yankton Fire Department responded to a reported garage fire at the intersection of 3rd and Linn on Sunday the 13th. Firefighters encountered high winds during the blaze which was brought under control in about an hour. The cause, while not confirmed, is thought to be electrical.

Firefighters conducted a search drill at the old Care Center on 8th Street last week. This facility has proven to be very useful for training and Mount Marty staff have been gracious in allowing us access while the structure still stands.

10) Library Update

During the month of November, we had two special guest programs. On the evening of Thursday, November 10, we had classical guitarist Peter Fletcher at the library. Fletcher has studied guitar since he was seven and made his formal debut under the auspices of The Brasstown Concert Association in North Carolina in 1983. The performance featured pieces by accomplished composers such as Bach and Giuliani as well as Polish composer Alexander Tansman. The Yankton Community Library was one of 18 stops in his most recent musical tour across the county. This program was sponsored by our Friends of the Library. On Saturday, November 19, internationally recognized Indigenous artist J. White presented an artist talk and pop-up show at the library. J. White is an artist of the Arikara Nation, born on the prairies of Yankton, SD. White is the owner/curator of Post Pilgrim Gallery in Sioux Falls, SD where she holds space for Native artists to be held in reverence. A self-taught painter, White shares her culture through the lens of an urban Indian. White's work has been exhibited in Paris, Venice, and at the Smithsonian. In her 12-year career as a professional artist, White has received numerous awards for her work as a painter and culture bearer for her Native community.

Both events were well attended with lots of positive feedback from attendees. We pride ourselves in offering a wide variety of programs to the public and making them very accessible to all.

11) Monthly reports

The Joint Powers Solid Waste and Yankton Police Department monthly reports, as well as the Airport Board Minutes, are included for your review.

Have an enjoyable weekend and do not hesitate to contact us if you have any questions about these or other issues. If you will not be able to attend the Commission meeting on Monday, please inform my office.

Sincerely,

Amy Leon City Manager

PARKS

Todd worked with the Eagle Scout Project group to have the first work day with Boy Scout volunteers to put the new skate park pyramid ramp together and place it alongside the current equipment. Todd and the group worked five hours on Sunday, November 6. A second work day was scheduled for Monday, November 7, for three hours after school. Brandon Pavel and Jordan Groves, from the Parks Department, worked with the volunteer group on November 7. Additional days will be scheduled when they Eagle Scout Project group has availability and the forecasted high temperatures are above 40 degrees.

The parks staff have started placing the holiday snowflakes, holiday banners, and the garland with bows along Broadway. They will also be working on decorations on the outside of the Capitol Building in Riverside Park. The bucket truck will be serviced in November and some of the decorations around the community need to be placed prior to the bucket truck not being available.

P&R Department CIM Page 2 of 3 The City will work with the Yankton Optimist Club to have a Santa House for children's activities located at the Capitol Building in Riverside Park this December on a few weekends. The Santa House will happen on December 2-3 and 10-11. The Optimist Club has provided more holiday decorations to be installed in Riverside Park around the grounds of the Capitol Building.

The Parks Department has a couple of more features to add along the Born Learning Trail in Westside Park. We have all items now but this install will wait until spring. The play equipment on order for Westside Park has been pushed to late November for delivery.

The Parks Department has completed the prep work and installed a monster block retaining wall around three sides of the north play structure area and the south play structure area. These areas are now ready for play equipment installation by Miracle. This will most likely be a spring install as well.

An electrician needs to examine the lights that are on wood poles throughout the middle of the park around our new play areas and basketball court. NW Energy has confirmed there is power to the meter so there is a problem from the meter to the poles. NW Energy is ordering new lights for these poles and will install them.

Luke is finalizing the 2022 Holiday Festival of Lights. The theme is "A Gingerbread Christmas." There will be activities in the Meridian District from 4:00pm to 6:00pm at participating businesses. The parade will be at 6:00pm. The tree lighting and fireworks will happen at approximately 7:00pm.

The Spaces and Places team cut volunteer trees and bushes around the detention pond at the entryway to Fox Run Golf Course. The team also cut volunteer trees and bushes around the other four ponds found on the golf course.

The Parks staff placed posts around the Veteran's monument in Fantle Memorial Park. Veteran's biographies were placed on the posts for Veteran's Day weekend.

The parks staff have finished winterizing facilities and equipment.

Airport Advisory Board Meeting Minutes For September 21st. 2022

The September 21st, 2022 Airport Advisory Board Meeting was called to order at 8:00AM by Chairman Jim Cox.

ROLL CALL:

Present from the Airport Advisory Board: Jim Cox, Dan Specht, Steve Hamilton, Jake Hoffner, and City Commission Representative Tony Maibaum.

Present from the City of Yankton: Mike Roinstad, Adam Haberman, Brad Moser, and Brooke Goeden.

Unable to attend: Rick Daugherty and Mary Boyer.

Minutes from July 20th, 2022

22-07 MOTION -- It was moved by Specht and seconded by Hoffner to approve the minutes of the July 20th, 2022
 VOTE - Voting "Aye" - all members present. Voting "Nay" - none.
 MOTION - PASSED

Monthly Fuel Report

Mike Roinstad provided the monthly fuel report for August 2022. In August 2022, there were 96 transactions, totaling 6,185.80 gallons sold. For comparison, in August 2021, there were 93 transactions, totaling 4,326.10 gallons sold.

Staff Report

Adam Haberman gave an update on the airport parking lot project and stated the project has been completed. Haberman moved on to discuss the Airport Consultant Project, a 5-year term that renews in 2023. Thank you to Jake Hoffner and Tony Maibaum for representing the Airport Advisory Board with this effort.

Mr. Haberman announced that October 3, 2022 in Mitchell, SD will be the date of the annual meeting between SDDOT and City of Yankton Staff.

Taxiway "A" Rehab Project Update

Adam Haberman provided an update on the Taxiway "A" Rehab Project and stated project has been completed. Project close out reports are in progress.

2022 Oshkosh Air Show – Recap

Airport Manager, Mike Roinstad, stated there were 106 aircrafts that came through YKN during the 10-day period. For comparison, there were 123 aircrafts during the 2021 event. Delicious food and comfortable resting spots were very generously provided by Mike and Lori Roinstad again this year. THANK YOU to the Roinstad's!

Recap of September 2022 Airport Breakfast

Steve Hamilton spoke about the 2022 Airport Breakfast and stated there were 469 people in attendance and 13 pilots that flew in for the event. A special thanks to the NFAA for providing 2 golf carts to drive guests around during the event. The 2022 Breakfast was, again, a great event!

Other Business

Adam Haberman stated the 5-year having lease will be up for renewal beginning in 2023. Staff will handle bids and contracts.

Election of Officers

Jake Hoffner made a motion stating that the Chairman and Vice Chairman should remain the same for the next term. Hoffner also made a motion to close the nominations. Dan Specht seconded both motions. As a result, Jim Cox remains the Chairman of the Airport Advisory Board and Steve Hamilton will remain the Vice Chairman of the Airport Advisory Board.

Adjournment

22-08 MOTION –It was moved by Hoffner and seconded by Hamilton to adjourn the meeting. VOTE – Voting "Aye" – all members present. Voting "Nay" – none.

Meeting adjourned at 8:32AM.

Respectfully Submitted,

Adam Haberman, Secretary

SECTION VII - EFFECTIVE DATE

This Ordinance being necessary for the support of the government of the City of Yankton and its existing institutions shall take effect upon its passage and publication. Adopted:

I so certify

Al Viereck, Finance Officer

To:City CommissionFrom:Finance OfficerDate:November 15, 2022Subject:Write Off of Uncollectible Utility Accounts

Attached is Departmental Correspondence from Deputy Finance Officer, Lisa Yardley. Lisa has reviewed the uncollectible accounts and is recommending a write off of \$1,888.04. This is \$1,134.86 more than the last write off done in in November 2021 and is completed on an annual basis if needed. This year's write offs are comprised of four residential customers and one business. The total amount represents approximately 0.013% of our total operating revenues (approximately \$13,681,313) for water, waste water, and solid waste collection for the one-year period.

I would like to point out at this time that the philosophy behind penalties and enforcement of shut-offs is to assess any increased expenses occurring from this process to the customers that caused these expenses rather than to absorb them and spread them among all the regular paying customers. When accounts are written off in the above manner, they technically become an expense to these regular customers. We currently have approximately 5,724 customers. This write off thus becomes an annual expense to these customers of approximately \$0.33 (compared to \$0.13 in 2021) per customer.

Attached is a list of accounts returned by the collection agency since December 2021 with the account holder's name and reason the account was returned.

It should be noted that although these accounts have been returned, the collection agency still keeps them on file for possible future collection. We also keep a list at the City Finance Office in case one of these customers attempts to receive City utilities in the future. At that time, we will require payment of the old amount plus a deposit before a new account is authorized.

Good accounting practice dictates we remove old accounts receivable from our records on a regular basis.

The following are explanations of the reasons used on the list:

- Skipped customer has left town with no forwarding address and all attempts to locate them have been unsuccessful
- Imprisonment customer in prison-unable to collect
- Bankruptcy-no legal ability to collect
- Deceased-no assets at time of death to allow collection
- Uncollectible the collection agency has made numerous contacts with the customer but is unable to obtain payment. The agency notes that the individuals are uncooperative, refuse payment, are often credit abusers and cannot force payment. Litigation is at times filed to garnish wages but these attempts are unsuccessful.

The accounts in question were returned by the collection agency as uncollectible, so all possible avenues have been exhausted. Therefore, I request the Board of City Commissioners write off the uncollectible accounts as authorized by SDCL 9-22-4 (see below).

9-22-4. Assignment of delinquent accounts receivable--Disposition of uncollectible accounts. Every municipality may assign for collection any or all delinquent accounts receivable. After reasonable collection efforts the governing body may determine that an account is uncollectible, and by formal action direct that the uncollectible amount be removed from the records and disclosed on that year's financial report. Evidence of the debt removed from the records by the formal action of the governing body shall be retained by the municipality to support possible subsequent collection of that debt.

Recommendation: It is recommended that the City Commission authorize the write-off of \$1,888.04 as uncollectible per SDCL 9-22-4.

Respectfully Submitted,

Al Viereck Finance Officer

I concur with this recommendation.

Subject:	Utilities - Accounts Receivable Write Off

As authorized in SDCL 9-22-4, I am recommending the Board of Commissioners write off the attached utility accounts in the amount of \$1,888.04 against the reserve balance of \$87,072.46. Utility accounts were sent to a local collection agency and have been returned as uncollectible due to a number of reasons. Reasons they are uncollectible include: skipped-11%, bankruptcy-11%; in prison-11%; and deceased-67%. The \$1,888.04 has accumulated since the prior year write off and represents account balances from 2013 through November 2022 as follows: 2013-\$162.06, 2019-\$527.04, 2020-\$394.06, 2021-\$232.29 and 2022-\$572.59. This reflects 0.9% of all delinquent accounts receivable. Delinquent accounts are categorized as follows:

Customers on Service	(30 days delinquent)	\$	69,968.08
Credit Collection A	gency	\$ 1	131,296.39
Uncollectible		\$	1,888.04
Total Delinquent Account	ts Receivable	\$ 2	203,152.51

The aged analysis of the accounts receivable remaining at the Credit Collection Service as of November 2022 is:

30 days or less	\$ 187.75
30 to 60 days	\$ 3,771.22
60 to 90 days	\$ 39,726.51
Over 90 days	\$ 47,663.12
Over 120 days	\$ 39,947.79
Total	<u>\$131,296.39</u>

I have attached documentation on those accounts that we request be removed from our records and to be disclosed on the City's 2022 financial report.

Amy Leon, City Manager To: Dave Mingo, AICP, Community and Economic Development Director From: Water Service Agreement for the Mead's Addition Subject: Date: November 9, 2022

Attached is a "Water System Limited Joint Development Agreement" for the provision of water to the Mead's Addition northwest of the intersection of 31st Street and Broadway Avenue. The Mead's Addition is in the B-Y Water District's service territory. The agreement is written using the applicable portion of the previously approved residential service agreement language that governs how service is provided to Westbrook Estates.

The situation at the Mead's Addition is much the same as it was at Westbrooks Estates. The primary difference is that this is a commercial development area as opposed to residential. As such, B-Y Water was interested in having the agreement be specific to this location rather than it being a blanket agreement like we have for all residential development in B-Y's service territory. City staff agrees that this subdivision can provide a model for how water service is provided to commercial development in other B-Y service areas in the future. And, within a few years, this type of agreement will be modified as B-Y's trunk line projects around the community are completed.

Respectfully submitted,

Dave Mingo

WATER SYSTEM LIMITED JOINT DEVELOPMENT AGREEMENT for Lots 1-3, Block 1 of Mead's Addition to the City of Yankton, South Dakota and The Adjacent Yankton Youth Soccer Association Project Located West of Mead's Addition

This Water System Joint Development Agreement made and entered into this ____day of _____, by and between the B-Y Water District [hereinafter "B-Y"] and the City of Yankton, South Dakota, a South Dakota Municipality [hereinafter "City"] provides as follows:

WHEREAS, the territory wherein B-Y may provide its water service was established within a "settlement memorandum" dated December 14, 2008, and by a consent decree entered by the Court on December 14, 2008.; and

WHEREAS, the parties share the intention of providing orderly growth in and around the City for decades to come; and

WHEREAS, the parties seek to set forth their agreement regarding the provision of water within the B-Y service territory. This Agreement shall only apply to the above described Mead's Addition.

NOW, THEREFORE, it is agreed between the City and B-Y herein as follows:

1. <u>Definitions.</u> This Agreement shall only apply to Lots 1, 2, and 3, Block 1, Mead's Addition to the City of Yankton, Yankton County, South Dakota and the adjacent Yankton Youth Soccer Association project located west of Mead's Addition (hereafter "Mead's Addition"), which subdivision is located within the City's municipal corporate limits. The following definitions shall apply throughout this Agreement:

 (a) "Customer or Member" is an individual or entity which requests "Water Service" in B-Y's territory and thereafter pays a "B-Y Membership Fee" and "Fire Service Fee" and is accepted by B-Y through B-Y's membership add-on process.

- (b) "Service Fee" is the monthly cost to the "Member" or "consumer" or "developer" for "Water Service." The Service Fee shall not include, and B-Y shall not charge a monthly fee for "stub-ins" to empty lots. Disconnection of improved properties and termination of services shall be governed by the membership agreement between B-Y and its customers.
- (c) "Water service" is potable water with water mains providing sufficient water pressure to provide fire suppression water flow at a rate of at least 1,500 gpm for a continuous period of no less than two hours with a residual pressure of 20 psi. In the event that ISO requirements should change, the City and B-Y agree to cooperate with each other to explore solutions to maintain the City's current ISO rating.

2. <u>B-Y's Federally Protected Water Territory.</u> The parties agree that B-Y is entitled to provide water services to all consumers and members in Mead's Addition and the adjacent Yankton You Soccer Association located west of the Mead's Addition.

3. City will cooperate with B-Y. The parties agree that the City will cooperate with B-Y to assist B-Y in providing service to Customers and members in Mead's Addition. The parties agree to cooperate and openly exchange information to facilitate inspection of the water systems for code and regulation compliance, ISO reviews, development proposals, and other economic development opportunities. The City and B-Y agree to work together in a cooperative spirit and submit timely development plans to each other's engineers for review, comment and approval. The City and B-Y Water shall both be held to DENR approved water quality standards. The City agrees to include B-Y in the subdivision design approval process and the construction inspection and acceptance process in accordance with the right of B-Y to provide water to its service territory. B-Y agrees to accept the dedication to B-Y and take responsibility for all constructed and completed water mains and lateral lines constructed in accordance with the development and subdivision plans and designs approved by B-Y in Mead's Addition. B-Y also accepts responsibility to maintain all accepted water mains and lateral lines in accordance with the standards and the system designs as accepted. All planned and unplanned repairs and water

service outages affecting B-Y Water customers within the City's corporate limits shall be immediately reported to each other's dispatch or on-call service.

<u>Temporary Service</u>. Within Mead Addition, B-Y elects to temporarily purchase bulk water from the City to provide temporary service to the customers or members in the Mead's Addition. In no event shall any such temporary service by the City remove any customer or member from the B-Y service territory or result in a forfeiture of the customer or member from B-Y.

4. <u>Development Connection Area.</u> The City agrees to construct the water lines within Mead's Addition in a manner that provides only one connection point for water service into Mead's Addition located northeast of the intersection of 33rd Street and Broadway Avenue. That connection point shall be designed for the future connection of a to-be-constructed B-Y water main. Said connection point shall include an air gap allowing for the connection transition to B-Y's water service to the Mead's Addition (and disconnection of the City's water service) when B-Y installs and connects its water main. B-Y Water shall bear no cost of the initial installation of the water lines in Mead's Addition. The City shall bear no cost for B-Y Water's future water main construction or connection to provide B-Y water service to Mead's Addition.

5. <u>Meters & Billing.</u> The parties agree that each customer or member served shall be connected to a meter, which shall be paid for by B-Y from proceeds originating from the B-Y Membership Fee, which meters shall be compatible with the read-heads for both parties' respective meter-reading systems. The parties agree that each customer or member shall be billed by B-Y for water service and by the City for sewer service. The City and B-Y shall cooperate to develop a system to efficiently transfer meter readings between them in accordance with the parties' respective billing cycles. At the City's request, B-Y agrees to shut off individual customer water service provided by B-Y due to non-payment of City-provided services only in accordance with garbage/sewer service agreements and applicable ordinances. B-Y agrees not to unilaterally restore water service to such customers and to cooperate with the City for such purposes. The City agrees to fully defend, indemnify and hold B-Y harmless from any claims that may arise against B-Y as a result of water shutoff, or the failure to restore water service at the request of the City in accordance with this paragraph, including attorneys' fees and costs.

6. <u>Temporary Service Billing.</u> The parties agree that in the case of a temporary service connection to a customer or member by the City that the City shall notify B-Y of the City's meter reading, and B-Y shall thereafter reimburse the City for the cost of the water used by each such customer or member. The City agrees to sell water to B-Y at the same consumption rate the City charges to commercial customers.

7. <u>Emergencies.</u> If there is an emergency, such as a fire, main break or a leak, then B-Y agrees that the City may operate B-Y's water valves and hydrants; and the City agrees that the B-Y may operate the City's water valves. To the extent reasonably permitted under each emergency situation, the party operating the other party's facilities shall provide reasonable notice of the same to the other party. The parties agree to provide each other with 24/7 on-call assistance as needed in the event of an emergency, which contact numbers shall be provided to each other and shall be regularly updated.

8. <u>Fire Protection Services.</u> B-Y agrees to provide water for fire protection related services, up to 1500 GPM for 2 hours at a residual pressure of 20 psi. B-Y also agrees all hydrants within its service areas within City limits shall meet the same specifications applicable to the City's own water system. B-Y also agrees that the City's fire department shall be permitted to utilize all hydrants for purposes of fighting fires without providing prior notice to B-Y. The City's fire department shall also be permitted to paint, test and flush B-Y hydrants and utilize B-Y hydrants for fire department training purposes upon reasonable prior notice to B-Y.

9. <u>Infrastructure Repairs.</u> Each party agrees that it shall pay for the costs to repair any of the other party's infrastructure to meet the other party's applicable standards, if it directly and proximately causes damages to the other party's infrastructure. If for any reason B-Y is unable to respond in a reasonable time frame given the urgency of the situation, the City shall be permitted to shut off B-Y water mains.

10. Notification. The Parties shall provide reasonable notice to each other of (i) any requests to repair any infrastructure allegedly damaged, (ii) any adopted infrastructure ordinances and construction specifications, and future amendments thereto.

Dispute Resolution. The Parties agree to use their best 11. efforts to cooperate to resolve any issues that arise. Both parties agree to meet and confer regarding any issues or disputes arising under this agreement prior to pursuing any legal remedies.

12. Term & Termination. The "initial term" of this agreement shall begin upon the latter date that both parties execute this Agreement and shall continue for thirty (30) years thereafter.???

Amendments. This Agreement may only be supplemented 13. or amended, wholly or in party, by a written agreement signed by both parties.

Subject:	FY 2023 County Contract for Library Services
Date:	November 28, 2022

The current contract with Yankton County for the Yankton Community Library to provide library services for residents living outside the corporate limits of the City of Yankton expires December 31, 2022.

Attached to this memorandum, please find a copy of Resolution #22-58 which would extend library services to Yankton County residents through Fiscal Year 2023.

Presently, the Yankton Community Library serves 777 cardholders residing outside of Yankton City limits and within Yankton County. Each member of the household may have their own card if they chose with only one payment required per household (not per card).

A non-resident library card (outside of Yankton County) is \$40 per household per year. Under this agreement, each Yankton County household pays \$20.00 per year for a library card and Yankton County provides \$15,000 per year to supplement the remaining costs. The current fee of \$20.00 per household per year was effective January 1, 2020.

Recommendation: The Yankton Community Library Board of Trustees formally recommends that the Yankton City Commission approve this Contract.

RESOLUTION #22-58

WHEREAS, the City of Yankton and Yankton County have entered into an agreement for the provision of library services for residents living outside corporate limits of the city; and,

WHEREAS, the current agreement is slated to expire December 31, 2022; and,

WHEREAS, Yankton County has contracted with the City of Yankton for library services since 1993; and,

WHEREAS, more than 777 Yankton County residents are cardholders at the Yankton Community Library; and,

WHEREAS, the current agreement between the City and County contains a provision for extending this service until December 31, 2023.

NOW, THEREFORE, BE IT RESOLVED by the Board of City Commissioners of the City of Yankton, South Dakota that the Agreement for the Provision of Library Services between the City and Yankton County be extended for the term January 1, 2023, through December 31, 2023.

Agreement for the Provision of Library Services

This Agreement made this \underline{q} day of $\underline{\lambda}$ by $\underline{\lambda}$, 2022 between the City of Yankton, a municipal corporation, acting through its Board of Library Trustees and its Board of City Commissioners and Yankton County, a political subdivision, acting through its Board of County Commissioners.

The parties do agree as follows:

- 1. The City of Yankton will provide the same library services to all residents of Yankton County living outside of the corporate limits of the City of Yankton as it provides for citizens of the City.
- Yankton County will pay \$15,000 to the City of Yankton to provide library services for all Yankton County residents from January 1, 2023 until December 31, 2023. The City of Yankton will bill Yankton County semi-annually (April and October – See County Commission Minutes, 01/11/00)
- 3. Additionally, every household must pay an annual \$20.00 out-of-pocket charge directly to the Library, upon issuance or renewal, for a nonresident Yankton County card (for individuals living outside of the corporate limits of the City of Yankton but within Yankton County). Library cards may also be purchased for a 3-month membership (\$5) or a 6-month membership (\$10). Nonresident (outside of Yankton County) cards are issued at \$40.00 per household per year.
- 4. While the Library agrees to verify that each person or family to whom a card issued is a resident of Yankton County by using a current means of identification and proof of address, both the County and Library have agreed upon the following definition of a county resident that is eligible to purchase a County card:

"Person or persons owning residential or business property within Yankton County or, through rent or lease, paying property taxes to the County and County youth, high school freshmen through seniors. Verification of property tax payment may be additionally required for persons renting or leasing. The property owners (residing within the county or not) as well as the renter/lessee have the same right to obtain a library card."

- 5. During the contract period, the Library will track the utilization of library services by county residents and provide patron database numbers, renewal and new card figures, and circulation percentages upon request to the Board of County Commissioners.
- 6. The Board of County Commissioners is entitled to appoint an additional member to the Board of Library Trustee of the City of Yankton as provided in SDCL 14 2-36. Said member shall have all of the powers and responsibilities granted to members of the Library Board of Trustees under state law and city code/ordinance. The term of the county representative shall be tied to this contract date as well as the term and appointment calendar for County Commissioners. If the contract is terminated for any reason, the County Commissioner's representative on the

Library Board of Trustee will end upon the date of contract termination.

7. This agreement shall be effective and binding on January 1, 2023 extending until December 31, 2023 unless amended or terminated by either/or both parties. A mutual resolution for extension may also be included.

Subject:	Vehicle Purchase from Broadway Motors for the Yankton Police
	Department, One 2023 Dodge Durango SUV
Date:	November 15, 2022

The adopted 2023 capital vehicle replacement budget is \$100,000.00. This budget provides funding for the purchase of one replacement vehicle for the Yankton Police Department. We will be replacing one vehicle in 2023. This vehicle will be a 2015 Ford Explorer with a current mileage of 112,079 and 10,860 idle hours. The excessive idle hours are due to this being an older K9 vehicle. Idle hours times the average speed the vehicle is driven can give you an estimate of mileage on an engine. We will replace a patrol vehicle and request a 2023 Dodge Durango Pursuit Rated vehicle.

Billion Auto of Sioux Falls, South Dakota and Broadway Motors of Yankton, South Dakota honored the same price for state bid contract as Wegner Auto out of Pierre, South Dakota for the proposed vehicle. This allows the City to purchase the new vehicle from Broadway Motors at the state bid price. The vehicle to be purchased is a 2023 Dodge Durango SUV in the total amount of approximately \$59,608.00 including parts and installation of new equipment.

Therefore, it is recommended the vehicle be purchased from Broadway Motors of Yankton, South Dakota based on honoring the state bid amount.

To: From:	Yankton City Commission Amy Leon, City Manager
Subject:	Request for funding Sertoma Park Shade Structures
Date:	November 16, 2022

The Friends of Sertoma Park group, along with chairperson Jeff Steppat, would like to put up shade structures over the four seating areas in the south four-plex at Sertoma Park. This was identified as a needed improvement back in 2012 when Stockwell completed the outdoor sports facility master plan and met with facility user groups.

Unfortunately, there are complications to get this project completed. The friends group originally wanted to get donated shade tarps and try to make the shade structures like they were able to do on the two north fields at Sertoma. The areas behind home plate including light poles, backstops, and fan-seating areas are different than on the north complex. The backstops cause a problem with shape, the poles for the current backstop fencing cannot be used as shade tarp support, and to try to get the tarps connected to the existing light poles does not work because of their location in regards to the backstop fencing location. Also, to try and put four new poles in at each location is problematic with the underground utilities of electric and water.

There are commercial shade structures that only have one center pole so it makes it much simpler to complete the project, but it also makes it much more expensive.

Attached is the quote for the four structures (approximately \$34,000). This does not include installation. The total with installation will probably be about \$50,000.

The Friends of Sertoma are asking the City Commission to use BBB funding to complete this project this fall/winter or next spring. There will be a girls' softball regional tournament held at the park again next July and they would like to see this project completed before that tournament.

Here is some data from the Friends of Sertoma Park on what improvements and fundraising they've been working on:

The group sold advertising banners for the fences as a fund-raising effort in 2022. They plan on doing the banners for two more years. The hope is to sell 20 more banners for an additional \$8,000. They have raised \$16,560 on the banners to this point.

The group has already funded Jox Boxes in the home plate and catcher's areas on the four-plex fields, spending approximately \$7,605.55 in improvement funding. There was also volunteer time and labor involved in helping City staff install them at approximately 300 hours with 12 volunteers.

____Roll Call

The group helped the City level Field D last spring. The group also helped re-set all bases on Field D.

The group expanded the size of the batting cage at the four-field complex. The friends group originally came together to build the cage three years ago and then made it larger this past spring. Approximately \$3,500 has been spent on the cage with 50 hours of volunteer labor.

The group marked all the buried plugs for bases and pitcher's mounds on all four fields in 2022.

The Friends of Sertoma group has approximately \$6,349.28 cash on hand. Some of those funds will be used to repair advertising banners that were damaged in the wind during 2022. Along with the additional revenue from selling more banners in 2023, the remainder of the funds will go towards building a new storage shed at the four-plex, installing netting above the backstops to help contain foul balls, improvements to the current field lighting, purchasing a new chalker for tournaments, and installing bat holders in all the dugouts.

The Friends of Sertoma proposed \$5,000 to go towards the shade structures project.

If revenue and expenses end up to what is budgeted in 2022, and both proposals are approved as requested this evening, the balance in the BBB will be approximately \$300,000.

Given the uncertainty of our local and national economy and the timing of the requests, I advise the City Commission to be very cautious before awarding ANY unbudgeted expenses that are not associated with essential services.

My inclination is to ask Friends of Sertoma to hold off on this request until our 2023 budget process and make an Outside Agency Request at that time.

If, however, the City Commission would like to assist with these projects immediately, my recommendation is that the Commission participate in the projects by providing fifty percent of the total cost, at approximately \$25,000. This funding would come from the BBB and ask that Friends of Sertoma raise the remaining amount.

Recommendation: Request that Friends of Sertoma hold off on this until the 2023 budget process and make an Outside Agency Request at that time.

То:	Yankton City Commission Amy Leon, City Manager
From:	Amy Leon, City Manager M
Subject:	Request for Funding Riverside Park Baseball Field
Date:	November 16, 2022

Jason Nelson, Assistant Athletic Director at Mount Marty University and a representative of Yankton Baseball Association, provided this information in regards to the current Riverside Park Baseball Field improvements:

"The City of Yankton has done a great job assisting Yankton Baseball Association (YBA) in all the renovations at Riverside Field through the years. We want to continue the great working relationship we currently have to better the community for future projects. Yankton Baseball has always taken the initiative to fund these projects with the help of the City. Over the years, the City has provided labor and/or financial assistance toward the projects and supplies. YBA has never approached the projects expecting the city to lead or to be the major contributor. We have always had a plan prior to the project and are self-sufficient when lining up the work.

YBA has consistently brought people into our community for many years. We host five to six multi-day tournaments a year and try to host a state tournament every year. The tournaments are anywhere from two to four days long, which provides business to our community. In 2023, the community will host the Legion State Championship Tournament.

YBA takes pride in how we have been able to improve Riverside Field. We believe the way we approach the projects financially helps our program but does not put the City in a tough position financially or logistically. Riverside Field is consistently one of the most well liked fields in the state of South Dakota. YBA wants to add to that sentiment by making it even better.

The current project is not only about aesthetics but also the safety of players and fans. The turf improvements along the warning track will allow players to feel safe when diving or falling during game play. In the past, the rocks used in the warning track were serviceable for maintenance, but did not protect players from possible injury. In addition to the warning track improvement, the concept of the new interior fencing will be to protect players from baseballs being hit into the bullpen area, as well as baseballs being thrown from the bullpen towards the dugouts and onto the field during game play. Last, the dugout project will now allow players to be further away from the hitters in the batter's box and there will be a fence for protection from line drive hits in front of the dugout (this "no fence in front of the dugouts" has been identified in the last two insurance reviews by Safety Benefits). The projects assists both YBA, Mount Marty University, and adult amateur baseball with player safety.

During the previous meetings with City staff regarding this project, a financing plan was requested of YBA and it could be used to determine the City's financial participation. In the

____Roll Call

past, the City has provided supplies and labor which were not available for this project at this time. Those costs alone would have had a value of \$50,000.

At our last YBA board meeting, we discussed what percentage of the project YBA would like to ask the City for. With the additional supplies and labor that YBA had to secure, the increased safety measures for players and the community which starts to address some insurance recommendations made to the City, and less supplies and labor for field maintenance for the City in the future because of these improvements, YBA would ask that the City consider paying for 100% of the project. I know YBA usually does not approach the City in this manner; however, we are asking you to consider this request since there are some other capital improvement projects that are on the horizon in which YBA will have to be the front runner. The current proposal would allow us to begin planning and executing those projects.

Current Project: Turf: \$102,664.00 Excavation & Dirt work: \$26,122.50 Fencing: \$24,918.00 Concrete work: \$4,080.00 doesn't include labor (with labor approximately \$20,000) Total: 157,784.50 (with concrete labor \$173,784.50)

Thank you for the support throughout the years."

If revenue and expenses end up to what is budgeted in 2022, and both proposals are approved as requested this evening, the balance in the BBB will be approximately \$300,000.

Given the uncertainty of our local and national economy and the timing of the requests, I advise the City Commission to be very cautious before awarding ANY unbudgeted expenses that are not associated with essential services.

My inclination is to ask the Yankton Baseball Association to hold off on this request until our 2023 budget process and make an Outside Agency Request at that time.

If, however, the City Commission would like to assist with these projects immediately, my recommendation is that the Commission participate in the projects by providing fifty percent of the total cost, at approximately \$87,000. This funding would come from the BBB and ask that the Yankton Baseball Association raise the remaining amount.

Recommendation: Request that Yankton Baseball Association hold off on this until the 2023 budget process and make an Outside Agency Request at that time.

Subject:	Change Order Number 1 for the 5 th Street – Green St. to Spruce St. Construction Project
Date:	November 17, 2022

Although the majority of the construction work has been completed on the 5th Street project, there are items that cannot be accomplished because of temperature restrictions. One in particular, coating of the retaining wall, may very well not happen until next spring. In an effort to pay the contractor for all the work that has been done, we have prepared the attached change order for your consideration.

Change Order No. 1 not only provides for the typical change in quantities, it is also for additional work that was determined to be in the best interest for both the city and homeowners. The change results in a net increase of \$72,404.35. This adjusted the construction cost from \$566,650.25 to \$639,054.60. Two of the major increases are poor subbase that was encountered and additional retaining wall installation. The change order does include nine days of liquidated damages, for not completing the project by the deadline.

City staff has reviewed the project, the change order. We recommend that Change Order No. 1 be approved, in the amount of \$72,404.35, to Masonry Components, Inc.

Respectfully submitted,

Change Order Number 1, Final Project Acceptance and Final Payment Active
Transportation Sidewalk Installations
November 17, 2022

As has been the case since the implementation of the Active Transportation Program, city staff has selected areas within the community to install sidewalk. There were three locations this year. Sidewalk was installed on the northwest corner of 19th & Douglas, on the northeast corner of 23rd & West City Limits Road and along Summit Street in Westside Park.

The attached Change Order No. 1 provides for a change in quantities and additional construction items, which results in a net increase of \$3,817.70. This adjusted the construction cost from \$57,980.55 to \$61,798.25. The majority of the increase was due to the addition of curb to the sidewalk where the existing grade was difficult to match without adding the curb. Since the project was completed in advance of the contract deadline, there were no liquidated damages assessed.

City staff has reviewed the project, the change order and the final pay request. We recommend that Change Order No. 1 be approved, that the project be accepted and that the City Finance Officer be authorized to issue a manual check in the amount of \$26,644.70 to Masonry Components, Inc. based on the attached final pay request.

Respectfully submitted,

The City of Yankton has a desire to sell, trade, or dispose of various equipment including vehicles that have been determined to be no longer necessary, useful or suitable for the purpose for which they were acquired. In order for the City to sell, trade, destroy, or dispose of such property the City Commission must declare these items surplus by adopting a surplus property resolution as required by SDCL 6-13-1. Equipment or supplies that are to be destroyed or to be sold at public auction need not be appraised (SDCL 6-13-3).

Resolution #22-61 declares the listed equipment and vehicles surplus. Declared property will be disposed of, traded in, donated, sold by sealed bid or auction, or destroyed pursuant to South Dakota Codified Law.

Subject:	Bid Award for the Meade Property Development
Date:	November 22, 2022

On November 22, 2022 six bids were received and opened for the Meade Property Development Project located between Spruce Street and Broadway Avenue from 31st Street to 33rd Street. The project includes the new construction of 33rd Street and First Dakota Drive as well as sanitary sewer, storm sewer, water main, and sidewalks along the new corridors. Additional turn lanes on Highway 81/ Broadway Avenue and grading for storm water management and detention for future development is also a part of the project. The engineer's estimate, from Stockwell Engineers, for construction of the project is \$4,300,000. The bids received are listed below:

Feimer Construction, Inc., Yankton, SD	\$5,243,554.00
Hulstein Excavating, Inc., Edgerton, MN	\$3,950,369.60
Slowey Construction, Inc., Yankton, SD	\$3,482,260.50
BX Civil & Construction, Dell Rapids, SD	\$4,220,000.00
First Rate Excavate, Sioux Falls, SD	\$4,567,494.00
D & G Concrete Construction, Sioux Falls, SD	\$3,743,198.56

In order to meet the deadline for submittals for the November 28th City Commission Meeting agenda, and to avoid delays in project progression, this memo was drafted immediately following the bid opening. Stockwell Engineers, the consulting engineer for the project, will verify the accuracy of the bids and provide their recommendation for award before the November 28th meeting. Slowey Construction of Yankton, South Dakota was the apparent low bidder with a bid of \$3,482,260.50. The apparent low bid is \$817,739.50 lower than the engineering estimate provided by Stockwell Engineers.

A total project cost of \$5,000,000 was included in the plan for Tax Increment District #12 (TID #12) for the necessary infrastructure for the Mead's Addition. The revenues from TID #12 will be used by the City, as the developer, to finance the improvements for the district.

City staff has examined the bids, and contingent upon review and recommendation from Stockwell Engineers, recommend to award the contract to Slowey Construction, Yankton, South Dakota for the amount of \$3,482,260.50.

Respectfully submitted,

Adam Haberman, PE Public Works Director
