July 31, 2013

Honorable Mayor Nancy Wenande Members of the Yankton City Commission PO Box 176 Yankton, SD 57078

City Commission,

It is my pleasure to submit for your consideration the 2014 Proposed Budget for all City operations. This letter is intended to serve as the budget message for that proposal and outlines the nature of the \$45,679,816 budget plan for 2014. This message is not intended to identify all the specifics of the entire 83 page budget document, but rather provide a brief overview of some of the highlights of the recommended budget as they relate to fund levels, unique circumstances impacting the budget, and significant budget related activities of the organization.

The budget document is a substantial policy and managerial tool that highlights the interaction between City staff and the City Commission. Through the budget document, service levels are established, policy directions are initiated, and fiscal positioning is achieved. The budget is truly an effort in cooperation between the entities of the City and the public as a whole.

FACTORS IN THE LOCAL ECONOMY

Sales tax revenue figures are nearly flat. Property tax valuations continue to rise at a moderately steady amount. Albeit drought conditions have subsided, the outlook for the remainder of this year is cautious. Building permits for 2013 are down over the same period the previous year (\$2.3 million vs. \$20.4 million). This decrease may be in part due to inclement spring weather. Further, last year a significant commercial project skewed building permit values. Plats and development proposals currently being reviewed by Community Development staff indicate we may begin to see more building occur in the second half of the year and into next year. Though these factors are only a few of many in relation to the local economy, I do believe they present an overview of the health of the Yankton economy and its commercial position in the region.

ACCOMPLISHMENTS

As the 2014 budget is proposed, it is appropriate to return to recent capital improvement accomplishments. While the listed items are only a sample of the capital improvements being completed, they do represent a concerted effort across departments for the improvement of services being offered by the City of Yankton.

Initial Planning and Development and Design of the new Meridian Bridge Plaza

- Planning and Design of Collector Well at Paddle Wheel Point
- > Preliminary Design for the State of South Dakota's reconstruction of 4th Street
- Various Airport Improvement Projects including Purchase of De-Icing Equipment and Construction of new Hanger Space
- Marne Creek Trail improvements
- Cemetery Mapping
- > STIP Projects on Summit, Douglas and 15th Streets
- Implementation of Time Management System
- Water Treatment Plant #2 Upgrade
- Eastside Sanitary Sewer lift station and Wastewater Outfall Pipe
- Phase 1 Bill Baggs Road Construction

PROPOSED 2014 BUDGET AT A GLANCE

Major highlights, conditions, and expectations of the proposed 2014 budget include the following:

- This budget is based on estimated service levels needed to accomplish the goals outlined in the budget for each department.
- > Spending activity for general expenditures follow the previous year's budget.
- The General Fund budget is developed with a budget to zero philosophy. Therefore, there is no dedicated reserve amount identified for an end of the year amount. While this budget method is a politically acceptable approach that establishes a resource base in accordance with current needs, it does, however, place an increased emphasis on budget certainty and rigid budget implementation and monitoring. Any change in economic conditions requires an immediate reaction with management response.
- Sales tax revenue, a significant revenue source in the General Fund, is budgeted to remain flat in 2013 with a 2% growth forecast for 2014. Monitoring sales tax growth is a vital component of the budget implementation activities for the City of Yankton. The City is highly dependent upon this revenue source and must be cognizant of that aspect of local government operations. This emphasis is seen in other budget areas such as economic development expenditures and quality of life activities. The need to continue to enhance the desirability of Yankton will ensure sustainability in the short and long range future. Balancing the aspects of the activities of local government needs to be done with the understanding that we are reliant upon sales tax and should keep that in mind as we establish the budget document for the upcoming year.

- Property tax revenue, the other significant source of revenue in the General Fund, is projected to remain on its previous trend of slight increases that are dictated by the State mandated formula. As the Commission is aware, property taxes were frozen by the State legislature at a time when Yankton had a low property tax levy. This freeze will continue to be a challenge for the City into the future as it is forced to examine and prioritize services that impact the community and its ability to continue to improve the quality of life for its residents.
- Increases are being recommended in the three main enterprise funds for the City. These increases are being proposed as part of a business plan model to overcome depreciation expenses that are traditionally neglected until a municipality is forced to borrow for major improvements. Current reviews of the enterprise funds reveal declining fund balances in each of the funds. Furthermore, scheduled projects in the capital improvement plan would deplete any available balances in the near future. As such, staff is recommending increases in the Water, Wastewater, and Solid Waste funds in the average amount of 46%, 3%, and 3% respectively. These increases will allow for maintenance and completion of capital needs in each of these areas. Furthermore, developing a fund balance that draws interest while projects are being completed increases the resources through appropriate investing.
- Various construction projects are being recommended in this year's proposed budget. The recommendation is to fulfill current obligations, maintain levels of new construction related to infrastructure needs, and continue to improve the facilities available to the public. These projects include numerous street projects listed in the Capital Improvement Plan (CIP) and funded with the second penny sales tax and continued investment in recreation projects as outlined in the CIP. While the City of Yankton is facing revenue concerns, the continued establishment and funding of the CIP is a vital component to the budget process and produces results that benefit the community now and into the future.
- Fox Run Golf Course expenditures are increasing in response to a more aggressive schedule for maintenance requirements and equipment replacement. This schedule is intended to "catch up" on replacing aging equipment and needed maintenance of the course. Fox Run Golf Course will also be undergoing significant operational changes to increase efficiency and boost profit margins. This may include enhancing marketing of the course, staffing, and changes in pro shop activities.
- Personnel costs continue to increase, a scenario that is universal across municipal and private enterprise. Health care is projected to increase between 5% and 10% from the previous year. Federal Health Care reform will add additional fees to insurance costs in 2014, impacting our rates. Distribution of this increase is spread between the City and employees in the same manner as was previously.
- ➤ A repayment plan is being proposed for the loan from the Second Penny to the public improvements (501) used to purchase the HSC property. This involves repayment of the balance when property tax exceeds the debt service from the TID #5 back to the General Fund.
- Community activities supported by the General Fund are proposed to remain at the level of 2012's expenditures. Faced with the economic conditions and limitations on new revenues, it is not recommended to increase the level contributed from the General Fund. Should the

Commission desire to increase funding in this area, it is recommended to use the BBB fund as it would then not take the valuable resources from General Fund and the core services supported by it.

GENERAL FUND REVENUE

SALES AND USE TAX

Sales and use tax are projected to grow 2% in 2014. The General Fund is projected to receive approximately \$4,621,001 from sales and use tax.

PROPERTY TAX

Property Tax revenues are projected to remain constant in terms of growth based on actual inflation up to 3% plus growth increase as defined in state formulas. As such, the General Fund is projected to receive approximately \$2,357,558 in property taxes.

UTILITY FUND REVENUES AND BALANCES

WATER FUND

Water fund revenue is projected at \$3,800,000 in metered sales and \$1,250,000 in surcharge revenue. We are proposing a substantial revenue increase in response to the recommendation to adjust rates in preparation for the Collector Well at Paddle Wheel Point and the proposed Membrane Water Treatment Plant. Projections are, however, difficult as the final revenues are typically weather dependent. When rates are adopted we may see a substantial amount of compression in water use. Cool, wet weather has also kept our demand low this year as compared to recent years, also affecting revenues. Additionally, due to the capital projects that are planned, the balance for the water fund is expected to decline in the future as debt would be necessary to complete the upgrades.

Below is a breakdown of the proposed increase:

Water		46%			
	Minimum	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	(Inc. 2,000) \$13.61	3,000 \$3.41	\$10.23	\$23.84	
New	(Inc. 0)				
Rate	\$15.00	\$4.93	\$24.65	\$39.65	\$15.81

WASTEWATER FUND

Wastewater Fund revenues are projected at \$2,970,200, an increase from the previous year. With a number of large projects identified, I am recommending a 3% increase to accommodate the necessary debt service to accomplish the identified CIP expenditures.

Below is a breakdown of the proposed increase:

Wastewa	iter	3%			
	Minimum	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	\$7.74	5,000 \$4.68	\$23.40	\$31.14	
New Rate	\$7.97	\$4.82	\$24.10	\$32.07	\$0.93

SOLID WASTE FUND

Solid Waste revenue for 2014 is projected at \$875,897.

Below is a breakdown of the proposed increase:

Solid Waste		3%			
	Minimum	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	\$15.68	N/A	N/A	\$15.68	
New Rate	\$16.15	N/A	N/A	\$16.15	
					\$0.47

GENERAL FUND EXPENDITURES

GENERAL FUND

Expenditures in the General Fund are \$12,833,208. This amount is down 3.3% from the total expenditures adopted in the 2013 budget. Under the budgeting to zero approach, unused revenues from the previous year are added to the available funds for the next year.

UTILITY FUND EXPENDITURES

WATER FUND

Water fund operating expenditures are recommended at \$2,814,471. Expenditures listed in the Capital Improvement Plan are recommended at \$10,015,700. This substantial increase in CIP is due to the design and construction of the Collector Well at Paddle Wheel Point and the design of the Membrane Filtration Water Treatment Facility.

WASTEWATER FUND

Waste Water operating expenditures are recommended at \$2,998,462, a slight decrease from the previous year's budget. Capital expenditures in the wastewater fund for 2014 are recommended at \$780,700.

SOLID WASTE FUND

Solid Waste operating expenditures are recommended at \$916,535. No capital purchases are proposed.

PERSONNEL COMPENSATION AND BENEFITS PROPOSALS

No new General Fund full-time positions are being recommended in this proposed budget. As the City continues to grow and amenities are being added, manpower is an area that will need to be examined on an annual basis to ensure we are adequately staffed and are maximizing the resources that we do have.

The proposed 2014 budget includes provisions for a base adjustment and also to provide the funding to continue the annual step increase for eligible employees, a practice that has been in place for the past four years. With personnel issues such as this, we will make sure that we are in compliance with all respective labor laws as they relate to bargaining with the employee union, and do not implement anything that would be considered a violation of the labor negotiation process.

Health care increases are budgeted to rise between 5% and 10%. This is a conservative approach to this volatile area. To continue to provide this important benefit, yet maintain fiscal stability within the organization, the proposed budget recommends implementing the increase according to current distribution formula with the City paying 100% of the costs for a single plan and splitting the costs with the employees for dependent care plans. Implementation of the Health Care Reform Act will also impact our health care costs as additional fees associated with the HCRA will increase the cost of the employee health care plan.

CONCLUSION

The proposed budget was developed and is recommended as an appropriate use of the resources available to the City. Rising costs and increased demands do not keep up with the less substantial increases in revenue and are stressing the resources the City has to draw from. However, the development of this budget demonstrates the willingness of the Management Team to address these issues with a fundamental belief in serving the community as best we can with the resources that are available.

Forecasting into the future, it is important to be aware of potential fluctuations in the economy and how they may impact the resources available to the local municipal organization. In the short term, it appears that the City of Yankton will continue its trend of a moderate growth pattern, both in population and sales. While experiencing this situation, it is important to continue to invest in the community in a fashion that will allow the City to continue to establish itself as a desirable location. We must invest in ourselves by providing high quality services, maintaining and expanding our infrastructure, and working toward our quality of life goals. The more we improve our community the better positioned we are for growth and the better equipped we are to provide necessities and amenities. At the same time, however, we should be cognizant about the role of government and the limitations of our resources. Therefore, I submit this year's budget with cautious optimism for Yankton's future.

I would like to thank the City Commission for their leadership in providing input and direction throughout this budget process. I would like to acknowledge the efforts of the whole Management Team. Each Department Head has made concessions in this year's budget to help meet the goals of the City as a whole. I would like to especially thank Duane Johnson and Al Viereck who have worked tirelessly to assist in preparing this budget for Commission review. This document is truly a team effort and both of these gentlemen have been vital in helping me become familiarized with our budget and budget process in a short period of time. I would also like to thank the City staff as a whole as they continue to implement our budget with an ideology of stewardship and responsibility. On behalf of the Management Team and City Staff, I submit to you my 2014 Budget for your consideration.

Respectfully,

Amy Nelson City Manager

Notes:

The 1984-1988 valuation reflects 50% of full and true value as set by the Yankton County Board of Equalization.

The 1989 valuation reflects 100% of full and true values as required by State Law.

The 1991 valuation represents a mass reappraisal.

The 1996 valuation reflects 91.7% for owner-occupied and 88.3% for ag.

The 1997 valuation reflects 85% for both ag and owner-occupied.

The 1998 valuation reflects 86% for owner-occupied and 88% for ag.

The 1999 valuation reflects 94.3% for ag and 89.4% for owner-ccupied.

The 2000 valuation reflects 98.2% for ag and 89.6% for owner-occupied.

The 2001 valuation reflects 91% for ag and 87.9% for owner-occupied.

The 2002 valuation reflects 92.6% for ag and 89.7% for owner-occupied.

The 2003 valuation reflects 96.6% for ag and 89.8% for owner-occupied.

The 2004 valuation reflects 91.8% for ag and 92.7% for owner-occupied.

The 2005 valuation reflects 88.5% for ag and 92.0% for owner-occupied. The 2006 valuation reflects 89.1% for ag and 91.7% for owner-occupied.

The 2007 valuation reflects 99.1% for ag and 91.7% for owner-occupied. The 2008 valuation reflects 93.6% for ag and 90.8% for owner-occupied.

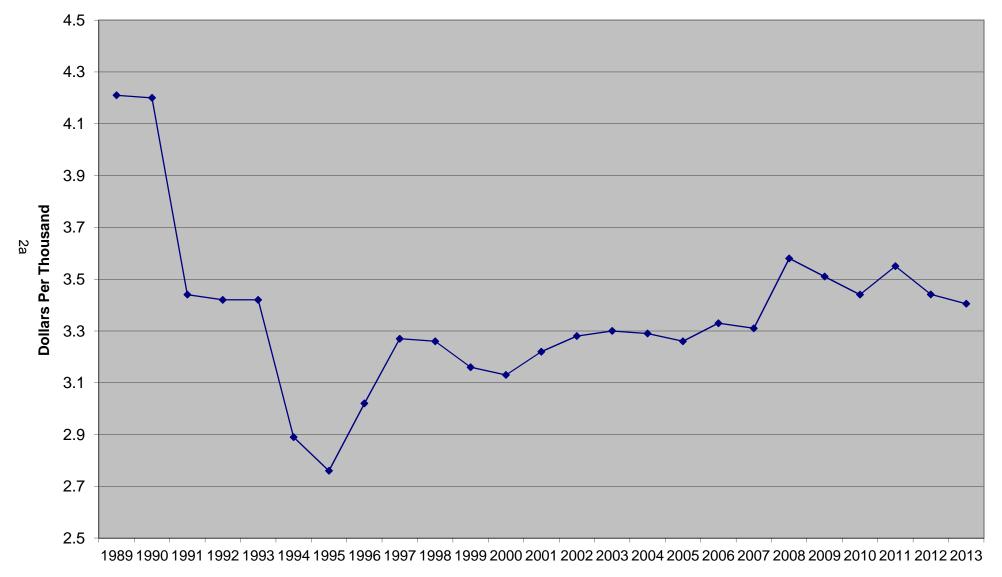

The 2009 valuation reflects 85% for ag and 88.6% for owner-occupied.

The 2010 valuation reflects 84.8% for ag and 92.6% for owner-occupied.

The 2011 valuation reflects 84.8% for ag and 93.7% for owner-occupied.

The 2012 valuation reflects 85.0% for ag and 93.6% for owner-occupied.

Fox Run	\$929,640	9.37%	4.42%	\$67,340	\$0	\$67,340
Total	\$9,924,737	100%	100%	\$1,524,907	\$80,000	\$1,604,907

ACTUAL VALUE OF HOME = \$85,000

To determine City tax liability multiply taxable valuation by adopted mill levy \$85,000 x .936* x .00341 = \$271.30

TAXABLE VALUATION: \$79,560 (\$85,000 x .936) CITY TAX LIABILITY: \$271.30

MONTHLY EXPENSE FOR CITY SERVICES

To determine the monthly expense for City services divide tax liability by 12 months $$271.30 \div 12 = 22.61 per month

* 2012 valuation 93.6% of full and true value

VALUE OF YOUR CITY OF YANKTON DOLLAR

The following list represents a sampling of the City services provided for the \$22.61 per month:

Fire Protection	Public Works
Police Protection	Municipal Airport
Street Marking	Building Inspection
Street Maintenance	Municipal Band
Street Lighting	Public Library
Street Sweeping	Snow Removal
Senior Citizens Center	Swimming Pool
Animal Control	Recreation Programs

For comparison purposes, the following items denote common monthly expenses for a Yankton family:

- * Two 16 gallon tanks of unleaded self-serve fuel at \$3.60 per gallon would cost \$115.20.
- * Digital cable television service would cost the consumer \$52.95 per month.
- * Basic telephone service charges for a home with standard touch-tone telephone is \$27.56 per month including all taxes.
- * An average residential electric bill of 800 kwh per month would cost \$86.35.

CITY COMMISSION AND MAYOR ACCOUNT #101-101

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City Commission is elected to set the general direction of City policy. The City Commission legislates by the passage of ordinances and resolutions. In addition, the Commission provides for the City's long-term planning.

DEPARTMENT PERSONNEL: Nine part-time Commissioners. Three are elected each year for three-year terms. The Commission elects a Mayor from within its ranks to preside at City Commission meetings.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

The City Commission represents the citizens of Yankton and establishes policies for the City Administration for implementation to ensure effective and efficient operation of City services, facilities, and capital improvements.

OBJECTIVES FOR REACHING OUR GOALS:

- To provide a framework and direction for the City's long-term plan.
- To adopt a balanced budget.
- To continue to explore and implement cooperative efforts and programs with other political subdivisions.
- Conduct strategic planning retreat.
- Implement goals identified in comprehensive planning process.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 City Commission budget impacts are intended to provide for initiatives that allow for cost and labor savings within the department as part of an organization wide effort.

Funding that is provided in the Commission budget is also provided to generate increased governance training as part of the orientation process for newly elected commissioners. Utilizing the South Dakota Municipal League and National League of Cities as a resource is intended to enhance capacities and generate additional policy development tools for the municipality's governing body.

CITY MANAGER ACCOUNT #101-102

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City Manager's Office serves as the information center for the City, both within the organization and for the citizens of Yankton. The City Manager implements City Commission policy and other directives in accordance with South Dakota Codified Law (SDCL 9-10-15).

DEPARTMENT PERSONNEL: City Manager, one Administrative Secretary and one Human Resource Assistant

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Ensure prompt, equitable, efficient and economical provision of services to all citizens of the Yankton community.

OBJECTIVES FOR REACHING OUR GOALS:

- Investigate, analyze, and implement modern and affordable methods of providing services to its citizens.
- Provide advice, support, and alternatives to the City Commissioners through the agenda, operating budget, and five-year capital (CIP) planning process to assist them in making the difficult decisions that impact the future of Yankton.
- Continue involvement with the Yankton Area Progressive Growth Board, Economic Development Council, Yankton Chamber of Commerce, and Planning and Development, District III on economic development, community development, and grant procurement matters.
- Foster a competent and complete workforce through advertising and recruitment of vacant positions.
- Establish and maintain cooperative relationships with county, state, and federal officials on various projects affecting Yankton.
- Maintain cooperative relationships with local media to promote City activities and provide information to citizens about services and issues.
- Continue to monitor and implement solutions regarding risk management, contract administration, and other legal matters in consultation with the City Attorney's office and the City's insurance carrier.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This year's budget represents various initiatives and process improvements that are intended to generate savings, both in expenditures and in labor. With improvements in our time management system, we anticipate saving money on labor costs allowing reallocation of resources to needed areas.

In economic development and community development activity, the proposed budget intends to continue the retail development with Greenbow Development and Menards site, reflected in transfer provisions in various funds throughout the budget.

FINANCE OFFICE ACCOUNT #101-104

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The primary mission of the Yankton Finance Department is to provide comprehensive and accurate financial services and records management in an efficient manner to ensure the delivery of high quality public services and accountability to its constituents.

DEPARTMENT PERSONNEL: one Finance Officer, one Deputy Finance Officer, one Computer Operator, one Municipal Records Clerk, one Utility Customer Service Clerk, and three Accounting Clerks.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Provide timely, accurate reporting of official city proceedings and financial information.
- 2 Maintain an efficient system for the receipt and payment of city funds, financial reporting and legal reporting.
- 3 Maximize investment earnings within the limitations of the formal investment policy.
- 4 Provide excellent customer service.

OBJECTIVES FOR REACHING OUR GOALS:

- Maintain budgetary control by monthly review and reporting of all budget variances.
- Provide monthly, quarterly, annual and "as needed" financial reporting to City departments and City Commission.
- Submit all legal notices via email to official newspaper within respective timeframes.
- Maintain annual utility write-offs at less than 1%.
- Achieve investment returns equal to market.
- Maintain cross-training program requirements for Finance Office employees.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 Finance budget supports procedural improvements that, as part of a greater City-wide effort, will streamline processes intended to reduce costs, offer better service, and use of resources, and provide improved accountability. Finance will be analyzing a time management system that was recently introduced as part of the payroll process which will incorporate additional technology that will enhance accountability in programs and projects and provide a management tool for accessing the best use of City resources.

INFORMATION SERVICES ACCOUNT #101-105

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The vision of the department is to advance the City of Yankton through the effective deployment of information technology. The department is committed to improving the quality and types of services available cost effectively.

DEPARTMENT PERSONNEL: one Information Services Manager / Special Projects and one Systems Manager/Computer Operations Technician.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Enhance department services and efficiency with technology.
- 2 Facilitate citizen's interaction with the City government through technology.
- 3 Ensure accurate and fiscally responsible budgeting.
- 4 Analyze, develop and enhance Geographic Information Systems (GIS) technology use in the City.

OBJECTIVES FOR REACHING OUR GOALS:

- Maintain server uptime exceeding 99.7% annually.
- Provide 24 hours of formal technology related training for the organization.
- Increase unique web site visitors by 10%.
- Answer web inquiries within 24 hours.
- Provide accurate and easily understood documents to keep the budget process in line with the budget timeline.
- Project revenue and expenditures to be within 2% of the actual results.
- Provide Information Technology Services to Yankton County Sherriff's Department
- Develop and maintain geographic layers and data for use by staff and the public.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The department's 2014 budget includes the regular replacement of technology related equipment to provide reliable and efficient tools to ensure the City is able to reach its overall organizational goals in every department. In addition, a number of new hardware and software resources will be added to enhance existing services. Technology improvements allow for savings in both real dollars and staff efficiencies.

COMMUNITY DEVELOPMENT ACCOUNT #101-106

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To foster the continued development of a well-planned, healthy, and vibrant city with a strong economic base, excellent employment opportunities, and a wide range of diversified housing opportunities for the citizenry.

To protect the health, safety, and welfare of the citizens by providing exemplary customer service in the administration and enforcement of adopted building related codes and ordinances and to seek compliance to the Municipal Code by providing citizens guidance and direction for the resolution of problems and violations in a friendly, fair and impartial manner.

DEPARTMENT PERSONNEL: one Community Development Director; one Building Official; one Building Inspector; and one Code Enforcement Official.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Provide our citizens safe, well-planned neighborhoods in which to live, work and play.
- 2 Provide effective and efficient building services.
- 3 Provide code enforcement activities that improve the quality of life in the City of Yankton.

OBJECTIVES FOR REACHING OUR GOALS:

- Provide annual citizen forum in a regular Planning Commission meeting.
- Three building and three plumbing inspections for each new structure. Inspections will occur within one business day of the request.
- Plan review requests will be responded to within 10 days for commercial projects and three days for residential projects.
- Nuisance and weed inspections responded to within one business day of receipt of information and notifications will have been sent out within one business day after inspection.
- Building and other abatement cases will have been resolved within four months of finding.
- Identify methods of streamlining development process.
- Guide the completion of the Housing Study.
- Implement building permit, 2.0 compliance software.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 operational and capital budgets continue to focus on investments that promote a well-planned, safe and healthy City with an emphasis on investment in areas that will improve efficiencies. Investment in staff continuing education opportunities and funding of an active nuisance abatement program will yield both short term and long term results. These commitments ensure that staff is functioning with the most current technical and legal information and has the resources to act when necessary.

CONTINGENCY FUND ACCOUNT #101-109

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Contingency Fund is to reserve money in each year's budget to pay for unbudgeted and unexpected expenditures that may arise.

GOALS OF THIS FUND: What will this department attempt to accomplish this year?

The goal is to reserve approximately \$100,000 for unbudgeted or unplanned expenditures.

YANKTON POLICE DEPARTMENT ACCOUNT #101-111

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Yankton Police Department's primary mission is to provide the highest quality public safety for the people who live, work, play and visit within the corporate limits of Yankton and to protect their property. We will constantly evaluate and improve our efforts to enhance public safety with the goal of improving the quality of life within the City of Yankton, while at the same time maintaining the respect for individual rights and human dignity.

DEPARTMENT PERSONNEL: 25 Sworn Officers including 1 Chief of Police, 3 Lieutenants, 3 Detectives, 3 Sergeants, 1 Corporal, 15 Patrol Officers which includes 2 K-9 Units and 2 Civilian Clerks. Eight of the Police Officers serve as DARE Officers and Liaison Officers with our schools.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- Creating a community where people feel safe.
- Provide optimum service to citizens with limited negative feedback.
- Monitor programs for efficiency and outcomes.
- Establishing ourselves as having the public's trust.

OBJECTIVES FOR REACHING OUR GOALS:

- Maintain streamlined reporting processes and baseline data on clearance rate for property crime.
- Publish monthly and annual statistical reports.
- Streamline reporting processes and baseline data on clearance rate for violent crime.
- Graduate at least 8 individuals in Yankton Police Department Citizen's Academy.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Maintain present programs and services.

POLICE K-9 ACCOUNT #101-110

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Police K-9 Fund is to fund the purchase, retention and training of police dogs and their handlers.

DEPARTMENT PERSONNEL: two K-9 Units (Grief and Ares) and two sworn officers, who are the handlers.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Yankton Police Department will have Police Service Dogs that assist in the tracking and apprehension of those who violate the law, protection of their handlers, evidence detection, search and discovery of illegal drugs and community policing through public appearances.

OBJECTIVES FOR REACHING OUR GOALS:

- Continue to fight drugs on the streets of Yankton and surrounding area.
- Conduct scheduled interdiction shifts for the K9 officers.
- Protect Yankton Police Officers and citizens they serve.
- Attend training to maintain their skills and proficiency.
- Care for the animals involved at the handler's house.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Handled in police line items.

ANIMAL CONTROL ACCOUNT #101-113

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

This department provides animal control services for the City of Yankton and some assistance to other law enforcement departments in the area upon request. The Animal Control Department also maintains the City animal shelter. Parking enforcement throughout the City is approximately one fourth of the officer's time.

DEPARTMENT PERSONNEL: one full-time Officer.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Animal Control will provide humane care and control of animals. It will also enforce animal and parking laws within the city limits. The Department will continue to maintain an aggressive Pet Adoption and Registration program. Work with the Yankton Area Humane Society.

OBJECTIVES FOR REACHING OUR GOALS:

- Maintain shelter conditions for animals, and provide clean kennels on a daily basis.
- Maintain health and well-being of animals.
- Continue pet adoption program.
- Improve pet registration.
- Increase training and public appearances for the officer.
- Continue parking enforcement.
- Provide monthly statistical data on shelter operations.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Animal Control 2014 budget is to initiate networking with other Animal Control Agencies in South Dakota, while maintaining the current level of care. We will be examining duplication of services within the community to streamline the resources available.

FIRE DEPARTMENT ACCOUNT #101-114

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Yankton Fire Department will safely provide fire and emergency services that protect the lives of all who visit, work or invest in Yankton and the surrounding area.

Departmental Personnel: one Fire Chief, one Fire Marshal / Deputy Chief and forty-five Volunteer Firefighters.

GOALS OF THIS DEPARTMENT:

- 1 Strive to prevent emergencies through effective code enforcement and public education programs
- 2 Provide safe and effective fire suppression and emergency services

OBJECTIVES FOR REACHING OUR GOALS:

- Perform 120 fire and life safety inspections in commercial occupancies.
- Have no civilian fire deaths and less than three civilian injuries from fire.
- Provide an average response time to all emergencies within the City Limits of 5 minutes with an average turnout of 25 firefighters per call.
- Have 0 firefighter injuries.
- Keep total percentage of property lost to 35% or under on structure.
- Educate public regarding department equipment needs.
- Communicate recent changes to building code in collaboration with code enforcement officials.
- Collaborate with City Manager, Environmental Services, and outside agencies to provide fire protection to areas outside the City of Yankton water service territory.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Effective fire suppression and emergency services will be facilitated by providing adequate facilities for fire department administration, training and operations. Well maintained fire suppression and emergency response equipment, training and a fire prevention program targeted at the populations most at risk in Yankton will lend itself to the achievement of department goals.

CIVIL DEFENSE ACCOUNT #101-115

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

Civil Defense provides outdoor warning siren services for storms, fires, and other emergencies. This program also provides some emergency management, Haz-mat, and rescue functions.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Enhance training for local emergency responders and continue acquisition of mission specific equipment utilizing grant funding where available. Maintain warning siren system.

OBJECTIVES FOR REACHING OUR GOALS:

- Cooperate in comprehensive community exercise planning.
- Improve communication and preparation among local area responders.
- Continue maintenance of siren system.
- Continued support of Local Emergency Planning Committee efforts.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The FY2014 Civil Defense budget is designed to provide for an adequate and well maintained outdoor warning siren system for Yankton residents. This is done through providing sirens distributed in such a manner that citizens of Yankton can hear the sirens from any outdoor site within the city limits.

Fund: General Function: Public Safety Activity: Civil Defense

PUBLIC SERVICES - ENGINEERING ACCOUNT #101-122

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To support community growth, take actions that sustain and improve the quality of life for this community through good planning, accurate design and quality construction. To assist others in providing and maintaining proper community facilities and infrastructure.

DEPARTMENT PERSONNEL: one Public Services Director/City Engineer; one Civil Engineer; two Senior Engineering Techs; one Secretary; one Executive Director of the Yankton Housing and Redevelopment Commission; (0.17) Office Specialist shared with JPA and Street Department.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Ensure quality construction of infrastructure meeting minimum standards.
- 2 Maintain current and accurate mapping.
- 3 Provide quick and effective review of plans and plats.
- 4 Provide effective city budgeting guidance.

OBJECTIVES FOR REACHING OUR GOALS:

- Perform ACI inspection of concrete paving.
- Turnaround of 3 days for map requests.
- Complete 100% of map updates by December 15.
- Provide a written evaluation response within three weeks of receipt.
- Estimate projects costs within 10% of final cost.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 budget recognizes utilizing process improvements. These are available through initiatives to update the records management system. Accessibility and security of data will aid in the efficiency and effectiveness of the City. Mapping and facility records will address design and management of infrastructure elements. This supports basic community necessities such as water distribution, airport facilities, street system, and collection system for wastewater.

STREET DEPARTMENT ACCOUNT #101-123

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To optimize the use of available resources to construct and maintain surface transportation systems that support economic viability, promotes safe travel, and add aesthetically to the community.

DEPARTMENT PERSONNEL: One Public Works Manager, one assistant to the Public Works Manager, Lead Senior Equipment Operator, five Senior Equipment Operators, five Equipment Operators and (0.17) Office Specialist shared with JPA/Transfer Station and Public Works Administration.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

1 Provide an effective pavement reconstruction program.

OBJECTIVES FOR REACHING OUR GOALS:

- Maintain roadway grading system.
- Implement five-year street reconstruction program.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 budget reflects the continuation of the durable pavement marking program, ongoing compliance with new sign reflectivity standards and the established roadway grading system in order to support economic viability, promote safe travel, and add aesthetically to the community. It also reflects support of ongoing training in the areas of signal lights, machinery, and equipment to promote safety, efficiency, and cross training within the department.

SNOW REMOVAL ACCOUNT #101-124

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

Snow removal and sanding of icy streets.

DEPARTMENT PERSONNEL: City departmental personnel (primarily the Street Department) will provide snow removal. Overtime wages will be paid for all snow removal crews that work beyond their regular work hours.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

1 Establish safe travel conditions on roadways.

OBJECTIVES FOR REACHING OUR GOALS:

- Assess the traffic flow on days with snow removal and/or sanding activity.
- Clear downtown and main arterial streets (snow routes) within 10 hours of the end of a 2 inch snowstorm. Remainder of town cleared within 24 hours.
- Communicate snow removal plans with dispatch, media, and pertinent staff.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This budgeted account is intended to insure that streets are cleared effectively following a snow or icing event. The budget is to provide funds for safe travel in the community which is vital to its functionality. The budget identifies and provides for specialized equipment that is necessary for weather related response by street crews.

CITY HALL ACCOUNT #101-125

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To provide citizen and employee focused, high quality, well maintained facilities and services that support the cost effective use of the structures and grounds that fall under our supervision.

DEPARTMENT PERSONNEL: one Full-time Custodian and .5 Maintenance Technician whose duties are split among the Safety Center, City Hall, Library and Senior Citizen's Center.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

1 To maintain clean, comfortable facilities in a safe and economical manner and to manage maintenance operations and services in an efficient and effective manner.

OBJECTIVES FOR REACHING OUR GOALS:

- Clean occupied portions of building three times per week.
- Snow and ice cleared from sidewalks within 8 hours of a weather event or more often as needed.
- Maintain accurate maintenance logs of building mechanical systems.
- Respond to maintenance requests within 1 business day.
- Maintain on target budget expenditures.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 City Hall budget will allow us to continue providing a well maintained work environment for City staff. Additionally, City Hall provides a venue for community activities.

TRAFFIC CONTROL ACCOUNT #101-126

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

This department provides street lighting and traffic control to streets, highways and school zones in the City of Yankton.

DEPARTMENT PERSONNEL: .5 Airport Signal and Maintenance Technician shared with the Airport.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Our goal is to provide adequate lighting on the streets and highways of the City. Also, we will provide a safe and smooth traffic flow.

OBJECTIVES FOR REACHING OUR GOALS:

- Continue to identify traffic flow problems.
- Maintain a map and inventory of facilities.
- Upgrade traffic signals.
- Modernize school zone systems.
- Continue to coordinate with Northwestern Public Service.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 budget helps to address the continuous improvements that are essential for a safe and effective traffic signals on arterial and state highways throughout the community. The budget also provides for the operational improvement and maintenance associated with school zones and street lightning. Close coordination will continue in 2014 and will be important for the scoping process and design associated with the SD DOT Highway 50 (4th Street) project programmed for construction in 2015.

AIRPORT ACCOUNT #101-127

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The municipal airport function reflected by this budget is to accomplish:

- (A) The City's maintenance obligations for grounds, buildings, runway lighting, and snow removal;
- (B) Airport operations including fueling, de-icing, housing of transient aircraft, runway inspections, and other Fixed Base Operator (FBO) Airport Manager customer services.

DEPARTMENT PERSONNEL: .5 Airport Maintenance / Signal Technician shared with Traffic Control, and one Airport Supervisor.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Maintain the airport in a safe and aesthetically appropriate manner in accordance with FAA regulations. Also, to provide safe operating surfaces on airport property.

OBJECTIVES FOR REACHING OUR GOALS:

- Continue to mow vegetation to maintain a maximum of 6-inch height in safety areas and other areas for aesthetically acceptable appearance and maintain mowing equipment.
- Continue to repair runway lighting and other facilities in response to airport inspections by Airport Manager.
- Continue to repair fencing and parking lots.
- Maintain and repair terminal building, crash building, maintenance hanger, north hanger, and administration building.
- To remove snow in a timely manner and minimize hazardous conditions.
- Clear terminal building apron and 13/31 runway within four hours after the notice to proceed from the Airport Manager for a two-inch snowstorm and 10 hours after a six-inch snowstorm.
- Proceed to clean balance of airport pavement on routine work shift.
- Provide aviation fuel and de-icing when requested.
- Provide Fix Based Operation (FBO) Services.
- Continue to provide for on-site mechanic services.
- Follow FAA's Airport Layout Plan (ALP). Specifically, plan for the relocation of 2 airport hangers, apron configuration, future of historic shop.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This year's budget reflects investment in continuing initiatives to maintain airport buildings, fueling systems, pavements, electrical runway lighting and the grounds that surround the facilities.

OUTSIDE AGENCIES ACCOUNT #101-131

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City of Yankton provides annual funding for various non-profit agencies within the City. The City Commission asks agencies to follow the procedures enacted by the City Manager for all outside agencies. An application is to be completed for agencies previously funded, and then the application is reviewed by the City Commission and staff. All new funding requests must be placed on a City Commission Agenda and presented before City Commission for decision.

CONTRACTUAL SERVICES ACCOUNT #101-132

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City of Yankton provides annual funding for various non-profit agencies within the City.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Continued funding for outside agencies and contractual services will maintain the municipality's investment in social service that have been provided for in the previous year, including but not limited to, the provision of mental health services, public transportation, and small business development resources.

Additionally, funding is continued to be provided to Planning and Development District III for the technical resources of grant availability and procurement, including but not limited to, GIS initiatives and CDBG grants. The Economic Development Commission also is set for funding to pursue the objectives of primary and gap related recruitment and development activities.

SENIOR CITIZEN'S CENTER ACCOUNT #101-141

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Senior Citizen's Center includes a membership of 620 and is an active organization that provides programs and services to the local senior population. The Senior Citizen's Center is a community focal point on aging where older persons, as individuals or in groups, come together for services and activities that enhance their dignity, support their independence, and encourage their involvement in and with the community. As part of a comprehensive community strategy to meet the needs of older persons, the Senior Citizens' Center programs take place within this facility. These programs consist of a variety of services and activities in such areas as education, creative arts, recreation, advocacy, leadership development, employment, health, social work and other supportive services. The Center also serves as a community resource for information on aging and for developing new approaches to aging programs.

The Senior Citizens Center was constructed in a joint effort between the City of Yankton and Yankton County in 1978, and all costs are shared 50/50. City staff provides assistance to the Senior Citizens Center staff in the repair and preventive maintenance of building and equipment.

DEPARTMENT PERSONNEL: .25 Maintenance Technician

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Provide timely response to questions concerning the operation and care of equipment located in the Senior Citizens' Center building. Maintain contact with center to update equipment and provide information and assistance for capital improvements.

OBJECTIVES FOR REACHING OUR GOALS:

- Purchase supplies used in maintaining equipment and building.
- Service and perform preventive maintenance to heating ventilation and air conditioning units.
- Provide inspections of building and equipment.
- Provide assistance, as needed for building and equipment repairs.
- Maintain building and equipment.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Senior Citizen's Center budget supports an integral part of Yankton's population by ensuring a safe, well maintained facility for daily use.

COMMUNITY LIBRARY ACCOUNT #101-142

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the Yankton Community Library is to uphold the public's freedom of access to information by providing a dynamic collection in a variety of formats and technologies, and to respond to the needs of the community through timely services and programs.

DEPARTMENT PERSONNEL: one library Director, five full-time and six part-time staff members.

GOALS OF THIS DEPARTMENT:

- 1 Provide programs and services for all ages that meet the needs of the community.
- 2 Provide a dynamic collection in a variety of formats.
- 3 Provide quality customer service.

OBJECTIVES FOR REACHING OUR GOALS:

- Increase library cardholders by 1% annually.
- Increase the number of teens and 'tweens program participants by 1% annually.
- Increase collection circulation by 1% annually.
- Weed entire collection on a two-year cycle.
- Increase customer service ratings annually.
- Host training opportunities for patrons on new library technologies.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 Library budget represents a continued effort to improve the technology capacities offered with specific enhancements in electronic resources including improvements that facilitate access to these services. The 2014 budget also includes plans for the improvement of processes and flow within both the operational and customer components of the Library, providing for better use of resources and an improved customer experience.

PARKS AND RECREATION ACCOUNT #201

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the Yankton Parks Department is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing diverse parks, facilities, and urban forestry to serve a population with varied characteristics, interests, and needs. Dedication toward preservation of natural resources will ensure the opportunity for high-quality leisure experiences for present and future generations.

DEPARTMENT PERSONNEL: one Director of Parks and Recreation, one Parks Superintendent, one Senior Grounds Maintenance Worker, four Grounds Maintenance Workers, one Urban Forestry Specialist, one Secretary and twelve Seasonal Employees.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Provide well maintained entrance-ways, parks, and linked green space that provide a visually appealing component to the City and associated neighborhoods.
- 2 Establish high-quality leisure experiences for all individuals and associations.
- 3 Identify sites for future expansion of facilities soccer and baseball

OBJECTIVES FOR REACHING OUR GOALS:

- Establish baseline ratings in the areas of park appearance and park placement.
- Establish baseline ratings in the areas of park usage and satisfaction.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Parks Department budget focuses on maintaining and improving the City's park system so it is desirable as a leisure time activity and satisfies those who use the parks. Expenditures for maintaining the department's equipment fleet are planned which will allow for the proper maintenance of grounds and facilities. The department will enhance the aesthetics of the entrance-ways, parks, linked green space, and the trail system by removing dead, diseased, or hazardous trees from the City's right-of-ways, work with the River Walk Sculpture project to install concrete pads, granite pedestals, and sculptures, and improve the system with the maintenance and/or installation of trees, flower beds, and signage. Purchasing more agri-lime for the twelve baseball/softball fields allows the fields to be playable after rains, improves field aesthetics, and improves user satisfaction.

The Parks Department provides services to groups in the community who administer events that enhance the quality of life for area residents. The department will purchase more bleachers for City facilities which will allow for the movement of bleachers to these outside organizations' special events.

PARKS AND RECREATION ACCOUNT #202

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the Memorial Pool is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a diverse aquatic facility to serve a population with varied characteristics, interests, and needs.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

1 Provide an affordable and enjoyable recreation opportunity for the area during the summer months.

OBJECTIVES FOR REACHING OUR GOALS:

- Establish a baseline rating on customer satisfaction.
- Reach an average daily attendance of 240 users.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Memorial Park Pool budget strives to create a diverse aquatic facility that will enhance the quality of life as it serves a population with varied characteristics, interests, and needs. The budget will improve the functionality, safety, and user satisfaction of the aquatics area by replacing lifeguard stands and furniture in and around the facility.

SUMMIT ACTIVITIES CENTER ACCOUNT #203

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Summit Activities Center mission is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a facility for recreational, cultural, educational, social, and health enhancement programs to serve a population with varied characteristics, interests, and needs. The SAC/Yankton High School also provides a community center offering rental facilities such as theatres, meeting rooms, gyms, commons, and aquatic areas.

DEPARTMENT PERSONNEL: one Superintendent of Recreation / Facilities Manager, one Recreation Coordinator, one Office Specialist, one full-time receptionist and approximately two hundred Seasonal Employees.

GOALS OF THIS DEPARTMENT: What will this division attempt to accomplish this year?

- 1 Provide an affordable and enjoyable recreation and activities opportunity for year round activity.
- 2 Provide for the greatest possible efficiencies in the development and operation of recreation programs/classes.

OBJECTIVES FOR REACHING OUR GOALS:

- Establish baseline ratings on value, diversity of activities, and user satisfaction.
- Achieve an overall break even margin for recreation programs.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Summit Activities Center budget focuses on maintaining and improving the facility by replacing cardio equipment according to the replacement plan. The budget will improve the functionality, safety, and user satisfaction of the aquatics area by replacing the deck furniture.

MARNE CREEK ACCOUNT #204

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the division is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a recreational trail system to serve a population with varied characteristics, interests, and needs. Dedication toward preservation of natural resources will ensure the opportunity for high quality leisure experiences for present and future generations.

DEPARTMENT PERSONNEL: one Senior Grounds Maintenance Worker and one seasonal employee.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1. Maintain the Marne Creek waterway in an aesthetically pleasing manner for recreational users, while realizing less obstruction during high water flows to minimize flooding issues.
- 2 Provide a well-maintained trail that serves as a recreation and transportation medium.

OBJECTIVES FOR REACHING OUR GOALS:

• Maintain the waterway to the extent that any flooding event can be controlled in a fashion that allows the trail to be open for recreational use within 24 hours of an event.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Marne Creek Trail budget strives to maintain the waterway and trail in an aesthetically pleasing manner for recreational users while realizing less obstruction in the creek itself during high water flows to minimize flooding issues. Bank stabilization projects in identified areas will help maintain the trail in its current location and condition while helping to eliminate a meandering creek channel in the City. The trail system will be expanded and it will enhance the transportation medium by connecting segments with the installation of the railroad bridge underpass north of 15th Street /west of Locust. The trail users experience will be improved through enhanced communications by maintaining or adding of trail and identification signage as a part of the entire trail system. The Marne Creek Trail division will enhance the aesthetics of the trail system and linked green space with the maintenance and/or installation of trees and flower beds.

CASUALTY RESERVE ACCOUNT #205

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the appropriation is to provide a Casualty Reserve Fund, pursuant to South Dakota Codified Law (SDCL) 9-21.16.1, for replacement and repair of City property as a result of a casualty loss.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

To provide for a reserve fund to cover losses that may occur which are not covered by insurance and to pay deductibles on any insurance claims.

OBJECTIVES FOR REACHING OUR GOALS:

To maintain the Casualty Reserve Fund at a healthy balance but not to exceed \$100,000 as required by South Dakota Codified Law.

911 / DISPATCH ACCOUNT #208

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Yankton Dispatch Center's primary mission is to provide the highest quality public safety for the people who live, work, play and visit within Yankton County.

DEPARTMENT PERSONNEL: 8 dispatchers.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1. Provide fast efficient dispatching for county-wide emergency services.
- 2. Update the 911 consoles and radio system for better interoperability.
- 3. Establish training criteria for the development of individual staff.
- 4. Enhance the training program within the department.
- 5. Build a succession plan for the department.
- 6. Create accountability for 911 fund expenditures.

OBJECTIVES FOR REACHING OUR GOALS:

- Establish a baseline on time of response dealing with calls into dispatch.
- Working on/towards completion of new 911 consoles and radio system.
- Creation of a training policy that establishes criteria for succession.
- Re-enforce the training program to complete skills necessary to lead the department.
- Report back to 911 Advisory Board on expenditures.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Continue with ongoing training and equipment purchases to facilitate the development of the entire staff and their ability to provide services to the region.

AIRPORT – FAA CAPITAL ACCOUNT #502

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

This airport fund is established to implement Airport Improvement Projects (AIP) approved by the FAA. AIP are funded with the use of City, State, and FAA resources.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Seek allocations from the FAA for the timely updating of the municipal airport. Fund the City's portion of these projects. Previous major initiatives have included updating the Airport Master Plan and construction of airport runways, aprons, and taxiways.

OBJECTIVES FOR REACHING OUR GOALS:

- Attend annual airport conferences.
- Make monthly contacts with the FAA and State Department of Aeronautics

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

Access to air travel is a vital component of a local community's transportation options and the 2014 budget addresses various aspects of this component to the transportation system. An effort to update the Airport Layout Plan identified in the budget will set the direction for runway, apron, and site improvements being contemplated. Prioritization of the elements identified in the 2014 CIP will support the steps to be taken to secure funding assistance. The use of building, fueling, hanger, and other facilities are considerations for both the capital improvement plan and fixed based operations.

PARK CAPITAL ACCOUNT #503

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

A function of the Department of Parks and Recreation, this division supports the plans for improvements to and expansion of the City's park system.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

Be aware of changing community needs for renovating existing park areas and / or new park developments and providing fun and safe environments.

OBJECTIVES FOR REACHING OUR GOALS:

- Receive public input through use of the media, public meetings, Park Advisory Board (PAB), staff, etc.
- Renovate and improve existing park areas.
- Develop new park areas.
- Provide access to park areas for individuals with mobility issues.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Parks Capital budget is attuned with the changing community needs for improvements to existing parks, developing new parks, and providing safe and fun environments in parks and green spaces. The budget will maintain the safety and aesthetics of the Riverside Park boat ramp docks by replacing damaged/worn sections. It will also enhance the functionality of neighborhood parks by installing sidewalks to play equipment, basketball courts, and shelters. The installation of park name signs will improve the identification capabilities of those areas by both citizens and visitors. The 4th street flower areas will continue to be aesthetically enhanced with the installation of more colored concrete.

INFRASTRUCTURE IMPROVEMENT CONSTRUCTION ACCOUNT #504

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Infrastructure Improvement Construction Fund is to help fund special assessment construction projects in the City of Yankton that improve the City's infrastructure.

OBJECTIVES FOR REACHING OUR GOALS:

• Establish public hearings as per SDCL to begin the process of the special assessment projects on any citizen initiated petition projects.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This budgeted account responds to the community's ongoing requests for roadway and alley improvements in developed neighborhoods with multiple owners. Assessment districts are formed using a regimented process guided by state law.

GENERAL SALES AND USE TAX ACCOUNT #506

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the sales and use tax capital improvements fund is to provide an appropriation for the additional .86 percent sales tax, and as provided for in Section 22.5 of the Code of Ordinances. The usage of the revenue from the additional 0.86 percent sales tax is restricted for capital improvements. These revenues may be used for capital improvements, land acquisitions, and debt retirement for a joint building project with the Yankton School District (Summit Activity Center) including parking, street and utility improvements. These revenues can also be used for street reconstruction and storm water drainage system improvements throughout our City.

DEPARTMENT PERSONNEL: None

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

• To maintain a comprehensive long-term capital improvement program that addresses the Summit Activity Center, City's street, and storm drainage system capital improvements.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This account provides for ongoing expenditures associated with the basic street transportation system needs in the community to maintain safe roadways that are in good condition. Street improvements have been identified through the annual street pavement management inspection program and incorporated into the 5-year Capital Improvement Program. Specific projects are listed along with continuing initiatives. The City cost share associated with street improvements for economic development and assessment projects are also identified. Improvements are prioritized and current projects are listed in this account for 2014.

In maintaining a comprehensive long-term capital improvement program that addresses the Summit Activities Center, the 2014 budget will enhance the Summit Activities Center with gym floor improvements and parking lot restriping.

Activity: Capital Projects

Fund: Special Capital Improvement Fund

TAX INCREMENT DISTRICT #2 – Morgan Square ACCOUNT #509

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Tax Increment District #2 – Morgan Square included the cost of improvements in tax increment financing District No. 2. State Law limits the time period for the installation of improvements with TID Funds to five years from the creation of the TID. The purpose of the fund is to collect TID #2 taxes, pay for current authorized expenditures, and to refund annual balances to the developer until public infrastructure expenses previously paid by the developer are retired.

WATER ACCOUNT #601

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To maintain and operate the distribution and treatment facility to meet federal and state regulations, have a minimum impact on the environment, an enhancing the quality of life for the community.

DEPARTMENT PERSONNEL: .5 Environmental Services Director, .5 Distribution Superintendent, one Plant Superintendent, one Plant Maintenance Superintendent, four Plant Operators and two Maintenance Personnel.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Provide safe, reliable, and ample water for current and future needs.
- 2 Provide a reliable service.

OBJECTIVES FOR REACHING OUR GOALS:

- Meet 100% of reportable standards.
- Begin construction of Collector Well at Paddle Wheel Point.
- Begin design of Membrane Filtration Water Treatment Plant.
- Reduce emergency shut-offs.
- Minimize leakage in distribution system.
- Upgrading 100% of meters to radio read.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This year's budget presents a plan to maintain a safe and reliable drinking water system. This system will meets the City's current and future demands by completing Phase 1 of large scale improvements within the treatment system and will meet current and future water quality standards. The 2014 budget will be used to begin construction of the Collector Well at Paddle Wheel Point and commence design of the proposed Membrane Filtration Water Treatment Plant.

WASTEWATER ACCOUNT #611

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To maintain and operate the collection and treatment facility to meet federal and state regulations, have a minimum impact on the environment, an enhancing the quality of life for the community.

DEPARTMENT PERSONNEL: .5 Environmental Services Director, .5 Collection Superintendent, one Plant Superintendent, two Maintenance Personnel, one Plant Maintenance Superintendent, one Senior Lab Tech, one Lab Tech, two Plant Operators and two part-time weekend operators.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 To protect the health of the community by discharging a product that meets all federal, state, and local regulations.
- 2 Maximize secondary uses of treatment bi-products.
- 3 Continue development of eastside liftstation and outfall improvements.

OBJECTIVES FOR REACHING OUR GOALS:

- Meet 100% of reportable standards.
- Investigate costs of bio-solids program.
- Meet 100% of the criteria within the bio-solids program.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 wastewater budget plan is designed to protect the health of the community, improve service, and meet the standards set by the federal, state, and local agencies. Routine replacement of equipment within the collection system and treatment plant is designed to maintain a reliable and efficient system. The budget also plans for addressing future large scale improvements to the collection system infrastructure needed to improve reliability and increase capacity in needed areas.

CEMETERY ACCOUNT #621

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the division is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a well-maintained and well-documented cemetery.

DEPARTMENT PERSONNEL: one Equipment Operator and one seasonal worker.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Maintain an aesthetically pleasing cemetery which leaves a positive and lasting impression.
- 2 Enhance the components of the cemetery's documentation system to provide easily accessible and accurate records.

OBJECTIVES FOR REACHING OUR GOALS:

- Establish baseline ratings for the cemetery's appearance.
- Go on-line with the newly created electronic cemetery map, database, and headstone pictures so the general public can search for genealogy information from the web.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Cemetery budget will improve the aesthetics of the cemetery with the maintenance and/or installation of trees and flower beds. Expenditures for maintaining the department's equipment fleet are planned which will allow for the proper maintenance of grounds and facilities. The efforts will continue to enhance the components of the cemetery's documentation system to provide easily accessible and accurate digital records through the web and other electronic media.

SOLID WASTE AND RECYCLING COLLECTION ACCOUNT #631

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

To operate this enterprise fund in a business-like and productive manner to insure customers have an effective means to dispose of solid waste materials. To add to the community quality of life by providing clean and healthy conditions that comply with regulatory requirements.

DEPARTMENT PERSONNEL: 3 Senior Sanitation Truck Operators and 4 Sanitation Truck Operators.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

- 1 Increase the use of recycling opportunities.
- 2 Collect, handle, and transport solid waste in a safe and effective manner.

OBJECTIVES FOR REACHING OUR GOALS:

- Increase overall awareness of recycling.
- Continue to monitor citizen satisfaction of solid waste removal.
- Continue to analyze single stream recycling.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 budget for Solid Waste and Recycling recommends the routine replacement of equipment and needed operational expenditures in order to provide a safe and reliable collection effort. Continued recycling participation through expanded education methods, and continuing refinement of the composting operation program will add to the quality of life in this community by providing clean and healthy conditions that comply with regulatory requirements.

JOINT POWERS SOLID WASTE DISPOSAL AND RECYCLING ACCOUNT #637

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Transfer Station exists to provide environmentally safe solid waste and rubble disposal for the city of Yankton and Yankton County. The Transfer Station also provides for the processing of recyclable materials.

DEPARTMENT PERSONNEL: one Transfer Station Supervisor, one Transfer Station Attendant, one Office Specialist, one Truck Driver and 0.66 Office Specialist.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

The Yankton Transfer and Recycling Station's main goal is to provide a year round recycling center, transfer of solid waste to the Joint Powers Landfill, and an all-weather rubble site for the City and County of Yankton. The key function of the Yankton Transfer facility is to load and transport municipal solid waste (MSW) to the Joint Powers landfill in Clay County, which is 32 miles from Transfer Station. The Joint Powers landfill is a consortium of Yankton County, Clay County, City of Vermillion, and the City of Yankton. Of the approximate 35,000 tons disposed at the landfill in Vermillion, 21,000 tons are transferred from Yankton.

OBJECTIVES FOR REACHING OUR GOALS:

- To continue planning for the optimal life span of the existing rubble site in the most cost effective way while not compromising our compliance with federal and state guidelines.
- To control incoming waste and process any recyclable materials taken to the transfer station.
- To maintain accurate records in order to assure the public and regulatory authorities of the safety and efficiency of our facilities.
- Continue to receive high ratings on DENR operation reviews.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

This year's budget represents various improvements and initiatives that are intended to continue operating this enterprise fund an efficient manner. Provisions are in place to provide the joint system with information to make decisions regarding facilities, operations, fees and long term facility maintenance. This will ensure the community the existence of a year round facility to providing environmentally safe solid waste, recycling and rubble disposal.

FOX RUN GOLF COURSE ACCOUNT #641

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the division is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a well-maintained and well-operated 18-hole golf course, clubhouse, pro shop, and practice range; as well as promoting events and tournaments, to serve a population with varied characteristics, interests, and needs.

DEPARTMENT PERSONNEL: one Course Superintendent, one Equipment Operator, one PGA Pro / Clubhouse Manager, one Assistant Clubhouse Manager and approximately thirty seasonal workers.

GOALS OF THIS DEPARTMENT: What will this division attempt to accomplish this year?

1 Maintain an aesthetically pleasing course, which leaves a positive, lasting first impression that generates a usable facility for the community.

OBJECTIVES FOR REACHING OUR GOALS:

- Operate the facility with a balanced budget including capital improvements.
- Identify methods to increase golf numbers and thereby boost revenues.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The Fox Run Golf Course budget will reflect a more aggressive schedule to maintain the maintenance equipment fleet with the scheduled replacement of identified equipment. The intention is to catch up on replacing aging equipment.

CENTRAL GARAGE ACCOUNT #801

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

Provide quick and effective customer service response for the proper maintenance of the City's fleet of vehicles and mobile equipment.

DEPARTMENT PERSONNEL: one Fleet Supervisor and one Fleet Mechanic.

GOALS OF THIS DEPARTMENT: What will this department attempt to accomplish this year?

1 Provide a cost effective operation for maintenance services.

OBJECTIVES FOR REACHING OUR GOALS:

• Provide services and times comparable with private market.

INTENDED OUTCOMES FROM BUDGET EXPENDITURES

The 2014 Central Garage budget represents a plan to continue the internal repair and maintenance operations of the municipal fleet. Additional expenditures are being proposed in the Capital plan to provide needed maintenance to the facility and improve the aesthetic quality of the property.

Fund: Central Garage		Estimated Revenue				Activity: Public Works Department

CITY OF YANKTON FIVE YEAR CAPITAL IMPROVEMENT PLAN FISCAL YEARS 2013 – 2017

OF VANALA

CITY OF YANKTON

FIVE YEAR CAPITAL IMPROVEMENT PLAN

FISCAL YEARS 2013 – 2017

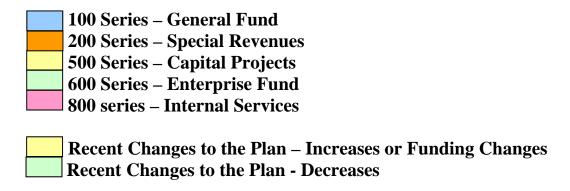

INTRODUCTION

The Fiscal Year 2013-2017 Capital Improvement Plan (CIP) is an update of the City's annual capital improvement planning process. The five-year plan provides a schedule for capital projects and identifies funding sources.

The CIP is vital to the City of Yankton. It is a plan for physical improvements to public facilities / infrastructure and the purchase of capital equipment. The plan additionally has a positive economic impact on the local economy. The City Commission has recognized the importance of this planning process and annually engages in the preparation, review and adoption of the Capital Improvement Plan. Public meetings are held annually to review the five-year plan.

The five-year CIP is revised annually to include new projects, reflect changes in priorities and to extend the plan an additional year. The first year of the plan is the current year and is adjusted throughout the year as needs dictate or when changes are made to existing approved projects.
