

Yankton Seed Library
Membership Information

Last Name
Initial

The mission of the Yankton Seed Library is to increase our ability to feed ourselves wholesome food, while enriching our natural surroundings by offering free local fruit, vegetable and flower seeds raised by and for Yankton area residents; and to provide complimentary information, instruction and education about gardening.

The seeds you borrow from the Yankton Seed Library are lent to you at no financial cost, but they are priceless. A commitment to growing plants from seeds is a gift to yourself and your family. We hope you learn much, experience the joy of gardening, and enjoy the fruits of your labor.

Anyone that participates in the Yankton Seed Library's gardening classes can borrow seeds from the seed library. You become a member when you attend a class and withdraw seeds to plant. While returning seeds to the library is not a requirement, we strongly urge you to learn to harvest and save seeds through the library's classes, as well as make an effort to return seeds to the library at the end of the growing season.
