1. Contractors should utilize an estimated amount of 850 cubic yards when figuring the lump sum unit price for bid item #11 – Topsoil.
2. Contractors may utilize/submit an alternative form (electronic spreadsheet, etc.) for the itemized portion of the bid form. Bid items must be listed in the same order and format. The alternative form must be attached to the original form, found in the specifications. All other sections on the original bid form, including the total bid amount, must be completed, in order for your bid to be considered.
3. From discussions with the South Dakota Department of Revenue, the contractor would not be responsible for sales tax on the aggregate base material, which is supplied by the City of Yankton.
