January @ your library

Include the Library in your 2017 Resolutions!

This time of year we begin thinking about our New Year's resolutions. Often, they revolve around ways to get our bodies in shape, but what about our minds? No matter what our age, we need to exercise our minds.

The best way to do that is to regularly visit the library! You'll find all types of materials in many formats to meet your needs and interests, as well as programs that entertain and inform.

A Note from Kathy Wibbels, Library Director

"As I write my last column for the library, I have mixed emotions. I am anticipating retirement with my husband and all of the adventures we have before us. We are both ready and hope we have many years together.

However, it will be odd to wake up on January 3 and think I don't have to worry about schedules, working on projects, meeting goals, all of those duties a job entails. My career in librarianship, which spanned 33 years, is done. But what's that they say about old librarians...?

Rest assured that I will never quit promoting reading, libraries, and in particular, this library. It has been my pleasure to serve this city and its library patrons. I wish the new director Tonya Olson the best and know that this library is in her very capable hands and that of the best staff I've ever known."
