

Virtual Thursday Activity

Leaf Art

Take some time to explore outside and find a variety of interesting leaves. There are lots of different shapes, sizes, and colors falling from trees right now! Collect some to use to create a picture. Here's a few ways you can use your leaves to create some art:

Leaf Rubbings:

Place the leaf or leaves under a piece of paper, veins facing up. Use the side of a peeled crayon to rub across the paper. The shape and texture of the leaf will appear!

Leaf Pictures:

Use the leaves collected to create a picture of your choosing. Arrange them, then glue them down. Add details with marker or crayon.

Can you combine these ideas?
