CAPITAL IMPROVEMENT PLAN	163

July 31, 2015

The mission of the City of Yankton is to provide cost-effective, public services as required by its citizens and to provide an environment so that both its citizens and the economy prosper.

Honorable Mayor Dave Carda Members of the Yankton City Commission PO Box 176 Yankton, SD 57078

City Commission,

It is my pleasure to submit for your consideration the 2016 Proposed Budget for all City operations. This letter is intended to serve as the budget message for that proposal and outlines the nature of the \$51,458,237 budget plan for 2016. This message is not intended to identify all the specifics of the entire 184 page budget document, but rather provide a brief overview of some of the highlights of the recommended budget as they relate to fund levels, unique circumstances impacting the budget, and significant budget related activities of the organization.

The budget document is a substantial policy and managerial tool that highlights the interaction between City staff and the City Commission. Through the budget document, service levels are established, policy directions are initiated, and fiscal positioning is achieved. The budget is truly an effort in cooperation between the entities of the City and the public as a whole.

FACTORS IN THE LOCAL ECONOMY

While June's sales tax numbers were slightly down in July, over the past 6 months sales tax numbers have been trending up. In addition, sales tax is up cumulatively over the year. Building permit values are down over the same period from the previous year, \$14.97 million last year versus \$6.83 million this year thru June. In June of 2014, the Avera Sister James Care Center accounted for one permit with a value of \$9.1 million. Single family housing permits for 2015 are slightly down with 9 single family home permits issued to date compared with 10 in 2014. We anticipate that with the two new housing subdivisions under construction (Westbrook Estates and the Drotzmann Addition), building activity for affordable single family homes will increase in the fall and through the end of the year. Commercial development including several retail build-outs in the Groseth Crossing development and recent July permits issued for the Truxedo Manufacturing Plant expansion (40,000 sq. ft.) and the Lewis & Clark Ford addition/renovations are contributing to building permit valuations. This, among other factors, is an indication of the sound economic health of our community.

416 Walnut St PO Box 176 Yankton, SD 57078-0176 Phone (605) 668-5221 www.cityofyankton.org

ACCOMPLISHMENTS

As the 2016 budget is proposed, it is appropriate to return to recent accomplishments. While the listed items are only a sample of the capital improvements being completed, they do represent a concerted effort across departments for the improvement of services being offered by the City of Yankton.

- Partial Completion of Collector Well at Paddle Wheel Point
- Lift Station and Gravity Sewer Design
- Completed Outfall Pipe Construction
- Design and Construction of Raw Water Transmission Main
- Design of Water Treatment Plant #3.
- Property Acquisition for the State of South Dakota's Reconstruction of 4th Street / South Dakota Highway 50
- > TAP Grant Application, Award, Design West 31st Street Trail, Walmart to Adkins Drive
- ➤ TAP Grant Trails Application Submittal along 31st Street Adkins Drive to West City Limits Road and South to the Dog Park
- > 15th Street West City Limits Road to Dakota Street / Design and Special Assessment District Creation
- ➤ Douglas Avenue Anna to 31st Design and Establishment of Special Assessment District
- Negotiation of B-Y Water Development Agreement
- Westbrook Estates TID District
- Additional Full Time Dispatch Position (Funded by E911)
- ➤ Land purchase (Additional 11.7 Acres) HSC property, Land Sale Approximately 2 Acres Highway 50
- Construction of Douglas Avenue North of 33rd Street to Wilson Road and West to Broadway Avenue
- Menard's TID and Highway 81 Sidewalk Improvements
- Park Street South of 4th Street
- > 5th Street Burleigh to Mulberry Street

- ➤ Alley and Parking Lot Reconstruction 4th Street to 5th Street and Broadway to Cedar Street
- Replacement of K-9 Unit
- West Yankton Emergency Siren Installation
- Major Equipment Replacement Including Ladder Truck, Motor Grader and Flusher Truck
- Construction Meridian Bridge Plaza Phase I and Initiation of Phase II
- Replacement of the Riverside Park Fish Cleaning Station
- Riverside Park Bathroom Interior Renovation
- Marne Creek Trail Railroad Crossing Construction
- > Re-shingled Fox Run Golf Course Cart Shed and Pump House
- New Flooring Meeting Room B & C Summit Activities Center
- Holiday Decorations and Banners
- Fox Run Golf Course Clubhouse Carpet Installation
- Tennis Court Resurfacing
- City Hall Gym Flooring
- Development of New City Website and Logo
- Summit Activities Activity Center Software Migration, Library Software Migration, and Addition of Online and Electronic Library Patron Services Implementation
- Implementation of Employee Self-Serve (ESS) Payroll Technology
- > Special Events Coordination Assistance Including Harvest Halloween, Ribfest, Youth World Archery Championship, Rock 'n' Rumble, Riverwalk Sculpture Project

PROPOSED 2016 BUDGET AT A GLANCE

Major highlights, conditions, and expectations of the proposed 2016 budget include the following:

- > This budget is based on estimated service levels needed to accomplish the goals outlined in the budget for each department.
- > Spending activity for general expenditures follow the previous year's budget.
- The General Fund budget is developed with a budget to zero philosophy. Therefore, there is no dedicated reserve amount identified for an end of the year amount. While this budget method is a politically acceptable approach that establishes a resource base in accordance with current needs, it does, however, place an increased emphasis on budget certainty and rigid budget implementation and monitoring. Any change in economic conditions requires an immediate reaction with management response.
- ➤ Sales tax revenue, a significant revenue source in the General Fund, is estimated at a 2.5% increase in 2015 with a 2% growth forecast for 2016. Monitoring sales tax growth is a vital component of the budget implementation activities for the City of Yankton. The City is highly dependent upon this revenue source and must be cognizant of that aspect of local government operations. This emphasis is seen in other budget areas such as economic development expenditures and quality of life activities. The need to continue to enhance the desirability of Yankton will ensure sustainability in the short and long range future. Balancing the aspects of the activities of local government needs to be done with the understanding that we are reliant upon sales tax and should keep that in mind as we establish the budget document for the upcoming year.
- Property tax revenue, the other significant source of revenue in the General Fund, is projected to remain on its previous trend of slight increases that are dictated by the State mandated formula. As the Commission is aware, property taxes were frozen by the State legislature at a time when Yankton had a low property tax levy. This freeze will continue to be a challenge for the City into the future as it is forced to examine and prioritize services that impact the community and its ability to continue to improve the quality of life for its residents.
- Increases are being recommended in the three main enterprise funds for the City. These increases are being proposed as part of a business plan model to overcome depreciation expenses that are traditionally neglected until a municipality is forced to borrow for major improvements. Current reviews of the enterprise funds reveal a declining fund balance in wastewater. Furthermore, completing all scheduled projects in the Capital Improvement Plan would deplete available balances in the near future in water and solid waste collection. As such, staff is recommending increases of 3% in Water, 5% in Wastewater, and 3% in Solid Waste funds. These increases will allow for maintenance and completion of capital needs in each of these areas. Furthermore, developing a fund balance that draws interest while projects are being completed increases the resources through appropriate investing.

- Various construction projects are being recommended in this year's proposed budget. The recommendation is to fulfill current obligations, maintain levels of new construction related to infrastructure needs, and continue to improve the facilities available to the public. These projects include numerous street projects listed in the Capital Improvement Plan (CIP) funded with the second penny sales tax and continued investment. While the City of Yankton is facing revenue concerns, the continued establishment and funding of the CIP is a vital component to the budget process and produces results that benefit the community now and into the future. Major construction projects forecasted in the 2016 budget include Phase 1 Highway 50 Reconstruction, Douglas Avenue from Anna Street to 31st Street, 15th Street West City Limits Road to Dakota Street, 21st Street Railroad Crossing and 21st Street Summit Street to the railroad crossing.
- Various equipment purchases are also being proposed in this year's budget. Equipment purchases are recommended to increase efficiency and service levels by replacing aging equipment and upgrading technology used by the various departments. Whenever possible, equipment such as vehicles and computers are passed down through departments multiple times before they are considered surplus and taken out of the City's fleet. In 2016, significant purchases include an oil distribution truck, street sweeper, snow plow truck, park's garbage truck, solid waste compactor truck, and new K-9 unit.
- Fox Run Golf Course expenditures are increasing in response to a more aggressive schedule for maintenance requirements and equipment replacement. This schedule is intended to "catch up" on replacing aging equipment and enhance course facilities. Fox Run Golf Course continues to undergo changes. These efforts include reorganization of staff, marketing, as well as food and beverage and pro-shop operations. In response to patron requests over the years, new concrete cart paths (in prioritized areas) will be constructed beginning Fall 2015.

In the 2016 budget, previous course losses and projected losses for 2015 and 2016 are identified as a loan from the general fund in the amount of \$228,094. Long term it may be necessary for the City Commission to consider loan forgiveness to make the course solvent.

- Two full time positions are recommended in this year's budget. The first position is a GIS Coordinator in the Information & Technology Services Department to assist with mapping and digitalization of records and infrastructure. The second position is a Special Events Coordinator in the Parks, Recreation and Special Events Department to assist community organizations in planning, coordinating, and executing special events. Personnel costs continue to increase, a scenario that is universal across municipal and private enterprise. Health care is projected to increase from the previous year. In 2016, I will also be recommending a salary study be conducted by a third party consultant. Planning and Development District III will be assisting us with an update to our personnel handbook.
- Changes in State and Federal Highway Funding have altered the scope of our street and bridge improvement program. The City of Yankton has elected to move our proposed STIP project (8th Street Linn Street to Summit Street) out of the plan in exchange for reimbursement of Federal Urban Aid funds to construct this project. Federal Urban Aid funding has increased from \$421,190 to \$444,500. SD DOT's Bridge Improvement Program (BIG) may provide us with an opportunity to apply for funding for Pine Street Bridge Replacement and Cedar Street Bridge stabilization.

- ➤ Construction of the collector well will reach final completion scheduled in the spring of 2016. Design of Water Treatment Plant #3 will continue throughout 2016. With construction expected to commence in 2017. Design of the east side lift station and the gravity sewer will also be completed in 2016. Water and sewer utilities associated with Phase 1 of the Highway 50 project will also be installed next year.
- ➤ Outside agencies supported by the General Fund and BBB are proposed to be maintained at current levels with increases to Planning & Development District III, the addition of an annual capital campaign contribution to the Boys & Girls Club and a contribution to the Meade Building. YAPG is now entirely funded through the BBB to accurately reflect operations. In lieu of direct funding to Historic Downtown Yankton, the BBB is budgeted to include a Downtown Façade Improvement Grant. This program will be developed to encourage repair, restoration, and beautification of downtown businesses. We will also plan to continue to support Historic Downtown's Rockin' Ribfest event in Memorial Park.

GENERAL FUND REVENUE

SALES AND USE TAX

Sales and use tax are projected to grow 2% in 2016. The General Fund is projected to receive approximately \$4,968,232 from sales and use tax.

PROPERTY TAX

Property Tax revenues are projected to remain constant in terms of growth based on actual inflation up to 3% plus growth increase as defined in state formulas (actual 1.5% CPI + 1.29% growth). As such, the General Fund is projected to receive nearly \$2,500,000 in property taxes.

UTILITY FUND REVENUES AND BALANCES

WATER FUND

Water fund revenue is projected at \$3,579,447 in metered sales and \$1,424,078 in surcharge revenue. We are proposing revenue increases to prepare for the Water Treatment Plant #3, and keep up with regular maintenance. Due to the capital projects that are in the budget for this year, the balance for the water fund is expected to decline as debt would be necessary to complete the upgrades.

Below is a breakdown of the proposed increase:

Water		3%			
	Surcharge	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	\$15.45	5,000 \$5.08	\$25.40	\$40.85	
New Rate	\$15.91	\$5.23	\$26.15	\$42.06	
					\$1.21

WASTEWATER FUND

Wastewater Fund revenues are projected at \$3,421,505 an increase from the previous year.

The chart below indicates a 5% rate increases.

Below is a breakdown of the proposed increase:

Wastewa	iter	5%			
	Minimum	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	\$8.37	5,000 \$5.06	\$25.30	\$33.67	
New Rate	\$8.79	\$5.31	\$26.55	\$35.34	
					\$1.67

SOLID WASTE FUND

Solid Waste revenue for 2016 is projected at \$894,336.

Below is a breakdown of the proposed increase:

Solid Wa	ste	3%			
	Minimum	Usage / 1,000	Use Charge	Bill	Increase
Old Rate	\$16.63	N/A	N/A	\$16.63	
New Rate	\$17.13	N/A	N/A	\$17.13	
					\$0.50

GENERAL FUND EXPENDITURES

GENERAL FUND

Expenditures in the General Fund are \$14,231,614. This amount is down 15% from the total expenditures adopted in the 2015 budget. Under the budgeting to zero approach, unused revenues from the previous year are added to the available funds for the next year.

UTILITY FUND EXPENDITURES

WATER FUND

Water fund operating expenditures are recommended at \$2,948,533. Expenditures listed in the Capital Improvement Plan are recommended at \$11,603,477. The majority of the expenditures in the CIP are due to the construction of the collector well at Paddle Wheel Point and the design of Water Treatment Plant #3.

WASTEWATER FUND

Wastewater operating expenditures are recommended at \$3,094,630, an increase from the previous year's budget. Capital expenditures in the wastewater fund for 2016 are recommended at \$1,729752. As stated earlier, even with the recommended increase in rates.

SOLID WASTE FUND

Solid Waste operating expenditures are recommended at \$957,888.

PERSONNEL COMPENSATION AND BENEFITS PROPOSALS

Two new General Fund full-time positions are being recommended in this proposed budget. As the City continues to grow and amenities are being added, manpower is an area that will need to be examined on an annual basis to ensure we are adequately staffed and are maximizing the resources that we do have.

The proposed 2015 budget includes provisions for a base adjustment and also to provide the funding to continue the annual step increase for eligible employees, a practice that has been in place for the past four years. With personnel issues such as this, we will make sure that we are in compliance with all respective labor laws as they relate to bargaining with the employee union, and refrain from implementing anything that would be considered a violation of the labor negotiation process.

Health care increases are budgeted to rise up to 10%. This is a conservative approach to this volatile area. To continue to provide this important benefit, yet maintain fiscal stability within the organization, the proposed budget recommends implementing the increase according to current distribution formula with the City paying 100% of the costs for a single plan and splitting the costs with the employees for dependent care plans.

CONCLUSION

The proposed budget was developed and is recommended as an appropriate use of the resources available to the City. Rising costs and increased demands do not keep up with the increases in revenue and stresses the resources the City has to draw from. However, the development of this budget demonstrates the desire to fulfill our mission.

Forecasting into the future, it is important to be aware of potential fluctuations in the economy and how they may impact the resources available to the local municipal organization. In the short term, it appears that the City of Yankton will continue its trend of a moderate growth pattern, both in population and sales. While experiencing this situation, it is important to continue to invest in the community in a fashion that will allow the City to continue to establish itself as a desirable location. We must invest in ourselves by providing high quality services, maintaining and expanding our infrastructure, and working toward our quality of life goals. The more we improve our community the better positioned we are for growth and the better equipped we are to provide necessities and amenities. At the same time, however, we should be cognizant about the role of government and the limitations of our resources. Therefore, I submit this year's budget with cautious optimism for Yankton's future.

I would like to thank the City Commission for their leadership in providing input and direction throughout this budget process. I would like to acknowledge the efforts of the whole Management Team. Each Department Head has made concessions in this year's budget to help meet the goals of the City as a whole. I would like to especially thank Duane Johnson and Al Viereck who have worked tirelessly to assist in preparing this budget for Commission review. This document is truly a team effort and both of these gentlemen have been vital in developing this proposal. I would also like to thank the City staff as a whole as they continue to implement our budget with an ideology of stewardship and responsibility. On behalf of the Management Team and City Staff, I submit to you my 2016 Budget for your consideration.

Respectfully,

MAL

Amy Nelson City Manager

Notoge							

The 1984-1988 valuation reflects 50% of full and true value as set by the Yankton County Board of Equalization.

The 1989 valuation reflects 100% of full and true values as required by State Law.

The 1991 valuation represents a mass reappraisal.

The 1996 valuation reflects 91.7% for owner-occupied and 88.3% for ag.

The 1997 valuation reflects 85% for both ag and owner-occupied.

The 1998 valuation reflects 86% for owner-occupied and 88% for ag.

The 1999 valuation reflects 94.3% for ag and 89.4% for owner-ccupied.

The 2000 valuation reflects 98.2% for ag and 89.6% for owner-occupied.

The 2001 valuation reflects 91% for ag and 87.9% for owner-occupied.

The 2002 valuation reflects 92.6% for ag and 89.7% for owner-occupied.

The 2003 valuation reflects 96.6% for ag and 89.8% for owner-occupied. The 2004 valuation reflects 91.8% for ag and 92.7% for owner-occupied.

The 2005 valuation reflects 88.5% for ag and 92.0% for owner-occupied.

The 2006 valuation reflects 89.1% for ag and 91.7% for owner-occupied. The 2007 valuation reflects 99.1% for ag and 91.7% for owner-occupied.

The 2008 valuation reflects 93.6% for ag and 90.8% for owner-occupied.

The 2009 valuation reflects 85% for ag and 88.6% for owner-occupied.

The 2010 valuation reflects 84.8% for ag and 92.6% for owner-occupied.

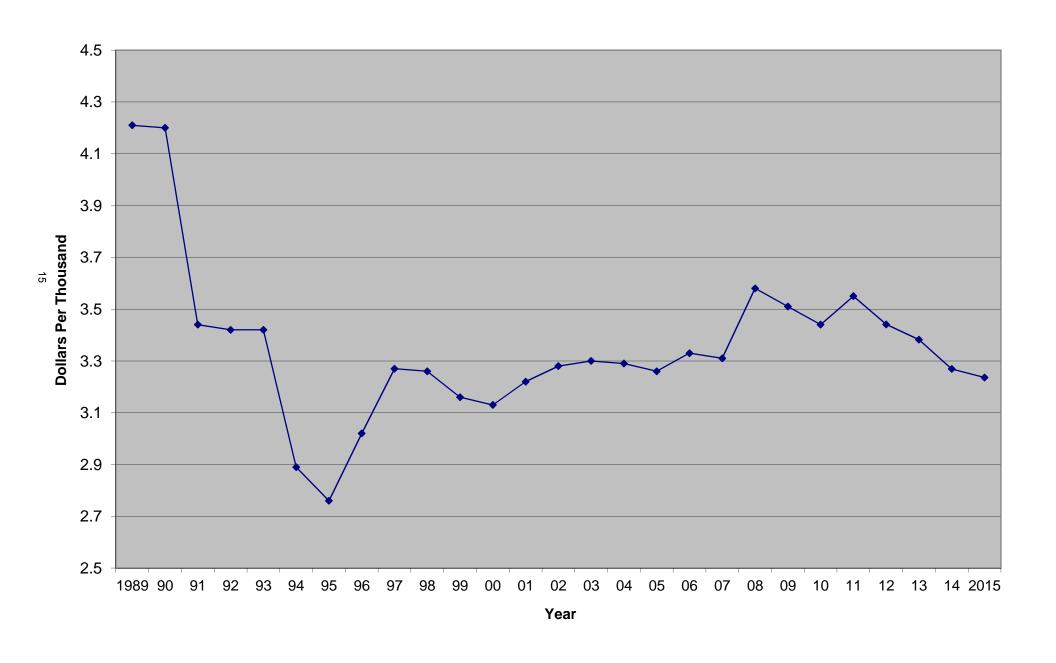

The 2011 valuation reflects 84.8% for ag and 93.7% for owner-occupied. The 2012 valuation reflects 85.0% for ag and 98.9% for owner-occupied.

The 2013 valuation reflects 85.0% for ag and 90.4% for owner-occupied.

The 2014 valuation reflects 85.0% for ag and 92.5% for owner-occupied.

The 2015 valuation reflects 85.0% for ag and 92.3% for owner-occupied.

Fox Run	\$869,940	8.42%	4.42%	\$67,340	\$0	\$67,340
Total	\$10,328,106	100%	100%	\$1,524,907	\$80,000	\$1,604,907

ACTUAL VALUE OF HOME = \$85,000

To determine City tax liability multiply taxable valuation by adopted mill levy \$85,000 x .923* x .003236 = \$253.88

TAXABLE VALUATION: \$78,455 (\$85,000 x .923) CITY TAX LIABILITY: \$253.88

MONTHLY EXPENSE FOR CITY SERVICES

To determine the monthly expense for City services divide tax liability by 12 months $$253.88 \div 12 = 21.16 per month

* 2015 valuation 92.3% of full and true value

VALUE OF YOUR CITY OF YANKTON DOLLAR

The following list represents a sampling of the City services provided for the \$21.16 per month:

Public Works
Municipal Airport
Building Inspection
Municipal Band
Public Library
Snow Removal
Swimming Pool
Recreation Programs

For comparison purposes, the following items denote common monthly expenses for a Yankton family:

- * Two 16 gallon tanks of unleaded self-serve fuel at \$3.04 per gallon would cost \$97.28.
- * Digital cable television service would cost the consumer \$56.95 per month.
- * Basic telephone service charges for a home with standard touch-tone telephone is \$30.50 per month including all taxes.
- * An average residential electric bill of 800 kwh per month would cost \$106.45.

This debt total does not include \$3,700,000 in Wastewater SRF debt (that will currently count towards the 5% debt limit) that has been approved but not yet drawn upon. It also does not include \$12,850,000 in Water SRF debt that is already legally incurred but not yet drawn upon and an additional \$13,150,000 committed to in further Water SRF debt. This \$26,000,000 will all count to an additional 10% debt limit of \$81,964,348 that is not shown above. It also does not include internal loans of approx. \$2,000,000 for the first HSC land purchase.

CITY COMMISSION AND MAYOR ACCOUNT #101-101

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City Commission is elected to set the general direction of City policy. The City Commission legislates by the passage of ordinances and resolutions. In addition, the Commission provides for the City's long-term planning.

DEPARTMENT PERSONNEL: Nine part-time Commissioners. Three are elected each year for three-year terms. The Commission elects a Mayor from within its ranks to preside at City Commission meetings.

OUTSIDE AGENCIES ACCOUNT #101-131

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The City of Yankton provides annual funding for various non-profit agencies within the City. The City Commission asks agencies to follow the procedures enacted by the City Manager for all outside agencies. An application is to be completed for agencies previously funded, and then the application is reviewed by the City Commission and staff. Any additional new funding requests must be placed on a City Commission Agenda and presented before City Commission for decision.

CONTRACTUAL SERVICES ACCOUNT #101-132

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

SENIOR CITIZEN'S CENTER ACCOUNT #101-141

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The Senior Citizen's Center includes a membership of 750 and is an active organization that provides programs and services to the local senior population. The Senior Citizen's Center is a community focal point on aging where older persons, as individuals or in groups, come together for services and activities that enhance their dignity, support their independence, and encourage their involvement in and with the community. As part of a comprehensive community strategy to meet the needs of older persons, the Senior Citizens' Center programs take place within this facility. These programs consist of a variety of services and activities in such areas as education, creative arts, recreation, advocacy, leadership development, employment, health, social work and other supportive services. The Center also serves as a community resource for information on aging and for developing new approaches to aging programs.

The Senior Citizens Center was constructed in a joint effort between the City of Yankton and Yankton County in 1978, and all costs are shared 50/50. City staff provides assistance to the Senior Citizens Center staff in the repair and preventive maintenance of building and equipment.

PARKS, RECREATION, & SPECIAL EVENTS ACCOUNT #201

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the Yankton Parks Department is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing diverse parks, facilities, and urban forestry to serve a population with varied characteristics, interests, and needs. Dedication toward preservation of natural resources will ensure the opportunity for high-quality leisure experiences for present and future generations.

DEPARTMENT PERSONNEL: one Director of Parks and Recreation, one Parks Superintendent, one Special Events Coordinator, one Senior Grounds Maintenance Worker, four Grounds Maintenance Workers, one Urban Forestry Specialist, one Secretary and twelve Seasonal Employees.

Fund: Parks & Recreation		Function: Cu	ılture-Recre	ation	Activity: Parks & Recreation

MARNE CREEK ACCOUNT #204

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the division is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a recreational trail system to serve a population with varied characteristics, interests, and needs. Dedication toward preservation of natural resources will ensure the opportunity for high quality leisure experiences for present and future generations.

DEPARTMENT PERSONNEL: one Senior Grounds Maintenance Worker and one seasonal employee.

BBB ACCOUNT #211

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of this appropriation is to account for expenditures of the 1 percent municipal BBB sales tax. All revenue received from this additional tax shall be utilized for the promotion and advertising of the City, its facilities, attractions, and activities. The City Commissioners shall have the authority to appropriate such funds as are generated by this additional tax for that purpose.

GENERAL SALES AND USE TAX ACCOUNT #506

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the sales and use tax capital improvements fund is to provide an appropriation for the additional .86 percent sales tax, and as provided for in Section 22.5 of the Code of Ordinances. The usage of the revenue from the additional 0.86 percent sales tax is restricted for capital improvements. These revenues may be used for capital improvements, land acquisitions, and debt retirement for a joint building project with the Yankton School District (Summit Activity Center) including parking, street and utility improvements. These revenues can also be used for street reconstruction and storm water drainage system improvements throughout our City.

DEPARTMENT PERSONNEL: None

Activity: Capital Projects

Fund: Special Capital Improvement Fund

TAX INCREMENT DISTRICT #2 – Morgan Square ACCOUNT #509

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Tax Increment District #2 – Morgan Square included the cost of improvements in tax increment financing District No. 2. State Law limits the time period for the installation of improvements with TID Funds to five years from the creation of the TID. The purpose of the fund is to collect TID #2 taxes, pay for current authorized expenditures, and to refund annual balances to the developer until public infrastructure expenses previously paid by the developer are retired.

TAX INCREMENT DISTRICT #5 – Menards ACCOUNT #510

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The purpose of the Tax Increment District #5 – Greenbow Development LLC and Menards, Inc. included the cost of public improvements and site development in tax increment financing District No. 5. State Law limits the time period for the installation of improvements with TID Funds to five years from the creation of the TID. As of December 27, 2015 we will have reached the time period for expenditures of eligible improvements. The purpose of the fund is to collect TID #5 taxes, pay for current authorized expenditures, and to reimburse the general fund for purchases made with revenues generated from the bond issuance.

FOX RUN GOLF COURSE ACCOUNT #641

PURPOSE OF THIS DEPARTMENT: Why does this department exist?

The mission of the division is to enhance the quality of life for the citizens of Yankton and the surrounding area by providing a well-maintained and well-operated 18-hole golf course, clubhouse, pro shop, and practice range; as well as promoting events and tournaments, to serve a population with varied characteristics, interests, and needs.

DEPARTMENT PERSONNEL: one Course Superintendent, one Equipment Operator, one PGA Pro / Clubhouse Manager, one Assistant Golf Pro and approximately thirty seasonal workers.

FIVE YEAR CAPITAL IMPROVEMENT PLAN

FISCAL YEARS 2015 – 2019

FIVE YEAR CAPITAL IMPROVEMENT PLAN

FISCAL YEARS 2015 – 2019

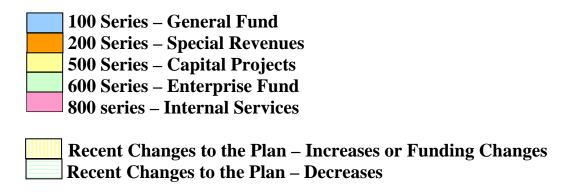

INTRODUCTION

The Fiscal Year 2015-2019 Capital Improvement Plan (CIP) is an update of the City's annual capital improvement planning process. The five-year plan provides a schedule for capital projects and identifies funding sources.

The CIP is vital to the City of Yankton. It is a plan for physical improvements to public facilities / infrastructure and the purchase of capital equipment. The plan additionally has a positive economic impact on the local economy. The City Commission has recognized the importance of this planning process and annually engages in the preparation, review and adoption of the Capital Improvement Plan. Public meetings are held annually to review the five-year plan.

The five-year CIP is revised annually to include new projects, reflect changes in priorities and to extend the plan an additional year. The first year of the plan is the current year and is adjusted throughout the year as needs dictate or when changes are made to existing approved projects.
